Executive Committee Acts On Space Crisis

by Fredie Greenblatt

The Executive Committee of Student Government has decided to act on one of the most crucial issues facing the Baruch College Community. The issue concerns the matter of space or rather the lack of it.

We presently have 450,000 square feet of space divided between the Main Building, Student Center, Graduate Center and Park Avenue South building. The plan for Baruch to move to Brooklyn consists of a proposal for 1,000,000 square feet of space for 5,000 students. We have now surpassed the projection of 5,000 students and remain bottled up in half the required space. The projection for the near future (1975) is 10,000 students. It is clearly evident that more space is needed right now, and certainly by next fall. President Wingfield has said, “We must have 300,000 additional square feet for fall 1972.”

One proposed plan calls for the buying of the Catholic Charities building, which has about 100,000 square feet, and leasing a block of space between 150,000 and 200,000 square feet within walking distance. This plan would only fulfill our immediate space needs and not our long-term needs. Yet, this plan is a good intermediate step towards more space.

The actions of the Executive Committee include a letter to the Board of Higher Education stating the concern of student government and the organizing of a student letter writing campaign. You as a student are urged to fill in the form letter or write your own. This condition will only get worse not better by ignoring it. We as members of the Baruch College Community must act together on this request, for it is for the betterment of the institution, the educational process and each and every one of us.

Complete the letter. Tear it out. Deposit it in the box near the TICKER bins.

Overcrowding in the Marble Lounge
The Romance Languages Department would like to invite all students interested in majoring in Romance Languages to a "TEA to be held on Thursday, Dec. 9th from 12-2 in Room 1114."
This was planned when Baruch consisted of 5,000 feasible. It will offer one million square feet of space. This can be walking distance of the Main Building. It would be a success, the students who attend right now are different than those who will be attending for their own special reasons.

Jeffrey Wingfield has said that we need 300,000 square feet of space of Education must allow Baruch to be a success. "Philosophy, Department would also appear that the Department of Marketing and Management would do so too."

Increasing the arguments for this complex matter, misery problems, so I cannot foresee jurisdiction. I would like to suggest to the President to do the following:

1. Create a department, a study abroad department.
2. Create a department, a study abroad department.
3. Create a department, a study abroad department.
4. Create a department, a study abroad department.
5. Create a department, a study abroad department.

REFLECTIONS

CASTLES

No more
Castles in the sand
Water all around
I ask you walk with her
Building castles
That waves will wipe
In course of time
And laugh that was boundless
Now
Castles in my mind
Shadows all around
Deeds on ashes memories
That were carved in stone
Not mine
You intend to forget
The castle walls collapsed
Smores are no more

Glimmer light
That we left
And build their own
Once were; no more
They'll cry over
Fallen castles
Like us.
And learn,
And crush their
Soul's dreams with
Their own hands;
Or drown . . .

Shoshana Rogner

INTROSPECTION II

I am waiting
For a change
But everyone
Only does
do.
I am looking
For a rainbow
Haven't
Found the
Rain
And
How can
Work towards
A future

SAD OR WHAT?

MY PAST
I feel
Life
In search to
Give
Your heart
Away
And your
Year
Love
Watch Change
Become
Blossoms
And close them
Thrice enchanted
Sky.

Shoshana Rogner

A Riddle

My world is mystery
Coffin unknown of mind and man
I am the living, the man, the soul;
The golden thread that permeates
To hold the puzzle together.
I am patience
Waiting until I am wanted;
I am a thought
Built with aspirations
Of words, of ideas, of new life
There is everything in all I do
Is all I feel;
Is what I am.
I am as essential as each breath,
As each heart beat,
As each roll
I am as life growing as any god.
I hold the deepest part of the mind, infinity,
Back to the creation itself.
The mind, as the universe
Has no end;
Internal infinity.
I accept myself
I am the dreamer of the
I am the loved
I am the wiser
I am the beggar
I am the dropper;
I am the mother;
I am the man;
I am the thinker;
I am the black
I know hate and I know love
I am a Woman.

TICKER

TUESDAY, DECEMBER 7, 1971
Candidates For The Position Of
Editor-In-Chief of Ticker
For the Spring '72 Term

Should send a letter of declaration to the Ticker Association in care of the Editor

ALL LETTERS MUST BE RECEIVED BY WEDNESDAY, DEC 15.
I worked hard all summer to get enough bread for a down payment on my new bug. So I'm going to baby it.

You worked hard for that new car of yours. Now all you've got to do is take care of it. Part of it's using the right gasoline. Amoco. The type most new car owners manuals recommend.

Amoco is specially formulated for your car's anti-pollution engine. Made to help it run better, longer. And Amoco can reduce the life of your tail pipe and muffler compared to fully leaded gasolines; spark plug last longer, too.

Amoco Super Premium gives you all these benefits plus better mileage than other premium gasolines. It's the only anti-pollution premium gasoline you can buy.

That's one reason why more new car buyers switch to Amoco and other gasolines at American than any other brand.

So now that you've got that new car, use the gasoline you can count on.

You've got a new car. We've got a new car gasoline.
Asian Student Association Presents:

A Folk Concert
Featuring Charlie Chin, a former songwriter-guitarist for Buffalo Springfield

Free Admission
Thursday
Dec. 9, 1971
12-3 p.m.
4 South

Applications for the
LAMPORT LEADER'S WORKSHOP
are available in

Sign Up in 212111

They’re for you. So come over and try them out. If you don’t see anything that interests you, come over and we’ll see if we can get something going—you may not be alone!

For any information or suggestions, contact:
Kris Brooks (Room 411), Terry James, Jim Perrone, Nori Bergman (Room 212).
**BASKETBALL**

Baruch's pressure defenses forced John Jay into four turnovers and 16 personal fouls. Although the home club was outshot from the floor and the free throw line, the turnovers enabled Baruch to get off 21 more shots.

Coach Bobby Sand started the game with a platoon system and then wound up making individual substitutions. In all 11 of the 14 players used scored.

High scorer was freshman Cary Jordan who hit for 29 points and grabbed 11 rebounds. Aldrich Carnegie, also making his varsity debut, led the rebounding with 14 and added 17 points.

Mark Stein had 18 points and Warren Wilkeron 11. Bill Robinson, last year's top scorer, was handicapped by fouls and tallied 9 points during 19 minutes of action.

John Jay was led by its 6-7 center myron Powell, who had 20 points, 14 rebounds and blocked six shots. However, the Baruch defense against the guards and Stein's close guarding of Powell prevented the big center, who is three inches taller than the biggest Baruch player, from getting the ball too often.

With the score tied at 29-29 with just over four minutes left in the half, Baruch ran off seven straight points to take the lead for good. Two free throws by Robinson and a 3-pointer by Jordan's four-point shot made it 38-29. At the half Baruch led 41-36.

There were 66 fouls called in the first half. Stein led by Jordan and Carnegie scored 12 of the next 14 points to open up a 17 point lead. The Bluejays closed within 67-59 with Tomas Smith, Stu Barfield, Bill Robinson, and Warren Wilkeron 11. 12.”

The Baruch basketball team will compete at the 49th Regiment Armory Friday night against York College at 7:30.

The Armory, located at 25th St. and Lexington Ave., will be the site of eight of Baruch’s 10 home games this season. Admission to all home games is free.

Last year Baruch rose to 19th as behind the 36 points of Bill Robinson and the Baruch record. Robinson's total stands as a Baruch record.

The Nomads bounced back from that loss with a 19-3-3 record. Coach Stan Ballin has everybody back from that team. The starting five all averaged in double figures with Richard Sabella with a 16 point average, Welfin, Stein and Stein with a 14 point average and the leading rebounder.

In its opening game York upset Hunter College in the 1971 CAA Championship. coin 59-51. Baruch is expected to continue his two-platoon system. One unit has Robinson, Mark Stein, Aldrich Carnegie, Pat Fahey and Ed Westmoreland. The other unit had Cary Jordan, Norton Kope, Welfin, Stein and Warren Wilkeron the sixth man. The other unit had Cary Jordan, Norton Kope, Welfin, Stein and Warren Wilkeron the sixth man.

**NEW COACH**

Lou Brown, Director of Athletics at Baruch College, C.U.N.Y., announces the appointment of Harry R. ‘Bobby’ Sand as the head coach of basketball at the Baruch College for the 1971-72 season.

Phi Beta Kappa graduate of the City College, niece member of the Kappa Delta Pi National Honor Society at N.Y.U., he is an Assistant Professor at the City College of New York. Bobby played under the late Bob Knight at Indiana, and was an assistant coach to Nai Holman in the development of outstanding teams at N.Y.U., including the N.C.A.A., N.Y.U., Championship Team of 1959. In the late 1950's, he coached in the Eastern Junior Basketball League—each with leading tall—teams at Scarsdale, Beachwood, and Wlllamburg into play-off berths. He has also worked as a scout for Rochester (now Cincinnati) Royals and the Seattle Supersonics of the N.B.A.

As a writer and lecturer, Bobby has written more than ten basketball articles for Scholastic Coach, and has assisted in the writing and preparation of several books on basketball. As a consultant, he has been a featured lecturer at various national clinics.

In 1978 Sweden awarded him a Gold Medal—the Ericson—are the fourth person ever to receive this honor—for meritorious service to the International Basketball Federation. Bobby is the supervisor and director of the Red Holman Basketball Clinic, held at Peddle School, Hightstown, New Jersey each Summer, and has been associated with the "Big O" (Oscar Robertson) Clinic in the recent past.

He will replace Dick Ernst of N.Y.U. in the coaching post at the Baruch College.

**BOWLING**

This past Sunday, at Bowl Mor Lanes, the Baruch College ten-pin bowling team, with strong expected opposition from the Queens College Five-Pin bowling team, held their fourth game of this year's high—five—game series and completed the Eastern Intercollegiate Bowling Conference. The Baruch team, led by Steve Bowling, won 200-188-204 for a 728 series, at a time when the Queens Five-Pin bowlers were also breaking records.

Despite the show of individual skill and styling the Queens pins by bowling, our Kopey were not to be denied as they were the first team, bow the second, and bowed themselves down by fifty pins to total. Around the eighth frame, Queens bowled a strike to lead the game. The Baruch team, who stayed with the Queens bowlers bow the team and won the game by 60 and total pins by 10. What a finish! Baruch won the match 1-3.

We still lead the Conference and are undefeated in match play. Despite this, St. John's and Pace are necking up. Both teams have been defeated by our very highly—situated team. Keep up the great bowling guys, we're behind you.

**THE STUDENT CENTER, STUDENT COUNCIL AND THE BOOSTERS**

**INVITE ALL FACULTY AND STUDENTS TO MEET**

**PROFESSOR ROY R. SENOUR, JR., DEAN OF STUDENTS, CHAIRMAN OF THE DEPARTMENT OF STUDENT PERSONNEL SERVICES**
