Senate Forms Election Committee

The Student Senate has appointed a Central Committee to prepare the College for the 1972 Student Organization elections. The committee consists of five members: Stephen Stack, Assistant to the President; James L. McGehee, 1972 Senior Class President; Linda M. Swanson, Vice President of the Student Senate; Nancy L. Parry, Secretary of the Student Senate; and Robert B. Wright, Dean of Students. The committee will be governed by Standing Orders of the Senate and in turn will appoint a committee to prepare the Student Organization election program and to appoint the election ballot.

Free Legal Advice Available

A legal aid program has been organized to provide legal advice to any Student who needs it. The Student Legal Aid Program has been organized by Jon Eisen, a lawyer who has worked for the Chicago Bar Association for the past two years. The program will be located in the Department of Counseling and Guidance, and will be open to all students. Mr. Eisen has been a lawyer for the past two years, and has worked in a variety of legal fields. He will provide advice on a variety of legal issues, including family law, criminal law, and civil law. The program will be open on a regular basis, and will provide legal advice on a first come, first served basis. Students are encouraged to come and receive advice on any legal issues they may have.

Shavout Finals Postponed

May 30 in the night of May 28, 1972, high holiday commemorates the giving of the Torah (over two weeks before Shavuot) to the people. During this period, the people gathered in the Marble Lounge to sing the Pesach Haggadah, known as the Festival of the Harvest, in the presence of guests and President Wolfsberg. The President, a Jewish Professional from the East, was present at the event. The activities continued until the following morning, when the President headed home to the East with a group of people.

To Be, Or Not To Be

The students of Baruch College will be faced with one problem this summer. If the Student Body is to survive amidst the cloak-and-dagger antics of the administration, we must consider the possibility of a long and arduous battle. If the Student Body is to thrive, the political system of the student government must be well distributed. Thanks to the constitution, the Student Body has the room to grow as the Student Body grows.

If the constitution is not passed, students will become insular. They will become isolated and detached from the community. The government has the responsibility to promote the interests of the students. The new government must be open to the input of new ideas without the trashiness of parliamentary red tape. The government has the room to leave it, their absence is felt. Unfortunately, the students have been kept away from the students. We have been separated from the students. We have been kept away from the students. We have been kept away from the students.

CASABLANCA REVISITED

With the preciousness of the last reel of "Casablanca" now reduced to a small screen, it is easy to dismiss the film as simply a romantic drama. But "Casablanca" is much more than that. It is a complex work that explores the human condition in all its complexity.

The film's characters are all flawed, yet they are all endearing in their own way. Humphrey Bogart's Rick is a man who has seen too much of the world and is weary of it. In contrast, Ingrid Bergman's Ilsa is a woman who is pure and innocent.

The film's themes are also complex. It explores the ideas of love, loyalty, and sacrifice.

It's a Dog Eat Dog World

"Casablanca" is an exemplary work of entertainment. It is a film that has stood the test of time. It is a film that will continue to be enjoyed for generations to come.
This summer you can afford to go to America.

Introducing the Hostel Plan for students who fly American.

Go European without leaving the country. Fly with us. And stay with us too. For only $4 to $8 a night, in student kinds of places. As student kinds of prices. With your kind of people: students. The kids in Europe have been doing it for years.

Now you can do it here on the American Airlines Hostel Plan. For students who fly (naturally) American Airlines. If you're headed to any of our six biggest seat and week cities, you'll find clean, conveniently located spots to hang your hat. At a cost that won't pinch you up.

The fun is that you'll find them at some of the best universities: America's, in Boston, Washington, D.C., San Francisco, Los Angeles, San Diego, and New York City.

You'll get fresh sheets when you check in, a comfortable double room. And, depending on the school, air conditioning, peaks, tennis courts, lounges. Movies, concerts, theater, whatever's happening on campus.

Of course, in case you're on your way home, we'll take you in a comfortable first-class cabin on our American Airlines jet flights.

To help you get around, we'll fly your bike whenever you fly for just $7 ( anywhere within the United States) or when you're flying a Ford Pinto for only $35 a day. 50 a mile (if you have it).

This summer, get it Youth Fare card if you're under 22 and fly for less with American Airlines. To go at the way and stay for less too, call an American Airlines local office. And ask about the universities on the Hostel Plan.

American Airlines
Our passengers get the best of everything.

STUDENT DRAFT COUNSELING

If you need our services during the summer, come to our office. The times and days will be posted on the door.

HAPPY SUMMER TO ALL

SOME GRAD SCHOOLS ARE MORE CHALLENGING THAN OTHERS.

It's graduation day and there you stand...diploma in hand and future in doubt. You could go on to graduate school, of course, but you'd look for a job in today's ever-tightening labor market. Why? You could put your education to work immediately by going to the Air Force Officer Training Program.

The facts, mail in the coupon. Or, call 1-800-631-1572 toll free in the states. Remember, with an Air Force Officer, the sky's the limit.

Some schools, like Air Force, are not only more exciting, but the people who choose them get to break away from the crowd and be recognized. For all the facts, mail in the coupon. Or, call 1-800-631-1572 toll free in the states.

We're giving away to the first 500 people who mail in the coupon:

FREE FLYING FOR A DAY-

To receive a $200 or $250 airfare certificate, to be used on any full-service American Airlines flight.

Use the coupon to apply for the American Express Card, and you'll get a $250 airfare certificate. You must have a $5,000 annual income and be at least 18 years of age to be eligible. Complete the application and mail to American Express, 1120 Avenue of the Americas, New York, N.Y. 10036. Offer limited to the first 500 people who apply by August 1, 1983.
Primary Point

By Bill Flie

On Tuesday, May 24, New York State voted in presidential primary with the participation of students who were under 21. I voted in the primary and now I feel that students should be allowed to vote in this style of election. The latest attempt to accommodate the students has been in the form of a demonstration which has taken place in the past few years. The main objective of this demonstration was to gain more participation from the students and allow them to have a voice in the political process.

You're Invited

The minutes read: "The Alternative will have a mixer with a mix program which will take place in the Student Center on Thursday, May 26th, from 2:00 PM to 5:00 PM."

To give you some idea of the bill of fare: Mixolydian Musicale, will again sing—this time "Jesus Christ Superstar" and another by Buzzy ehrlich & company. Some of the songs he wrote, as a member of the New York City Symphony, will be sung. In addition, this group will sing two medleys at the piano: songs from "Jesus Christ Superstar" and another by Buzzy ehrlich & company. Some of the songs he wrote, as a member of the New York City Symphony, will be sung. In addition, this group will sing two medleys at the piano. The same group will perform again and continue with the mix program which will take place in the Student Center on Thursday, May 26th, from 2:00 PM to 5:00 PM."

DRAFT QUEST

Sawing in Selective Service Policies

1. Every male U.S. citizen between the ages of 18 and 26 years, regardless of his enlistment status, must register for the Selective Service System. This registration is required for men who are between the ages of 18 and 26 years, regardless of their military status.

2. Men who have registered for Selective Service are required to undergo a physical examination. This examination is necessary to determine if they are physically qualified for military service.

3. Men who are drafted into the military must serve in the armed forces for a specified period of time. This period is determined by the Selective Service System and is based on the individual's physical qualifications.

4. Men who are drafted into the military must serve in the armed forces for a specified period of time. This period is determined by the Selective Service System and is based on the individual's physical qualifications.

5. Men who are drafted into the military must serve in the armed forces for a specified period of time. This period is determined by the Selective Service System and is based on the individual's physical qualifications.
I really did not make friends, but I thought it was a good program with good people, which made things enjoyable.

I would personally like to thank Claire for her efforts this past year as President. I hope that other freshmen will enjoy the new program and benefit from it, and I hope that it will continue to improve.

Who Needs G.J. Joe?
Will The Real Faculty Please Stand Up

On Collective Bargaining

by Alan Roy Shank

Preamble: Since the 1960's, the Board has had a long-standing policy that there exists an academic community of interest and that this community included the Instructional Staff, and... (Students?).

We never liked to depict Higher Education as the situation in which the extravagancies in the Madison Avenue apartments, providing the fodder for those university offerings, are available at the expense of the students. By comparison, it is quite likely that the students can really choose to go to Harvard or wherever they wish, instead of being sold on a package deal by the Board. While the shopper makes a choice as to which branch to buy, the student is led to believe that he is actually selecting the best deal. We believe that the College departments may be likened to the supermarket shelves. A balanced diet is the shopper is told to choose products from the dairy group, meat group, and vegetables. For a balanced education students are told they should choose courses from the natural sciences group, Math, Science, English and Humanities group. Besides being compelled to take courses which are seldom anything but extra calories, adding superfluous fat to their already unhealthy academic diets, students often find mislabeled courses which fail to contain the advertised ingredients. Artificial sweetners can be analogous to pendantic mentors. For a course in music students may be led to believe they are on the shell too long, only to collect dust. Poor nutrition is not uncommon these days, as are the ailments which are afflicting the academic market. The price is Manifested in the form of teaching assistants, the constant price increases, and hours and fees or tuition. In this same market students have found food for thought in the very real issues that are now being brought to the faculty.

Students have witnessed the emergence of unions on campus, and are aware of the problems arising from conflicts of interest in labor management relations. It started with the establishment of annual caretakers, office staff, cafeteria workers and clerical workers to faculty and administrators.

The student leader of an organization that represents 25,000 students at the 21 campuses of the City University of New York, I find it somewhat constant questions and problems regarding student rights. Is it a frustration feeling to be grouped together, or to group on campus not holding a union card. While we recognize the rights of the aforementioned parties, we canvass with the faculty and administratoors. The student leader of an organization that represents 25,000 students at the 21 campuses of the City University of New York, I find it somewhat constant questions and problems regarding student rights. Is it a frustration feeling to be grouped together, or to group on campus not holding a union card. While we recognize the rights of the aforementioned parties, we canvass with the faculty and administrators.

By computerized registration students are placed on the university assemblyline where they are screwed, bolted, hammered and shaped to fit pre-set, if not often desired, forms. In the last decade it has become apparent that there is less and less content with being prefunctorily educated.

Many of us attend college for reasons of survival, and the bargaining tables and class distinctions that exist, provide many students with the tools needed to meet the demands of life. TheCollapse of the student movement resulted in the demise of faculty protest. Without such mechanisms, students have increased their arsenal of power by increasing their numbers and by arming themselves with the facts. While faculty may have reached a final agreement on student rights, the question of their involvement in the academic process is often ignored. The collapse of the student movement has resulted in the demise of faculty protest. The battle for student recognition has been fought against a backdrop of change. Although it is changing in its means and in its results, we have witnessed the emergence of building takeovers, demonstrations, and confrontations, and have seen that they have been met with a variety of responses, from the student to the faculty. The faculty has abandoned some of their prerogatives, and has joined other groups in the academic community, to negotiate with the students. They know that if there were no students to learn, there wouldn't be a need for people to teach. The faculty has abandoned some of their prerogatives, and has joined other groups in the academic community, to negotiate with the students. They know that if there were no students to learn, there wouldn't be a need for people to teach.

Baruch College's baseball team qualified for the CUNYAC baseball tournament Saturday when it defeated City College of New York 9-7 in the final game of their regular season and won three of the five meetings between the two teams. The Baruch baseball team is the first team in its history to win a regular season title.

Baruch coach Bob Deering was pleased that his team was able to capture the title. "We never like to depict Higher Education as the situation in which the extravagancies in the Madison Avenue apartments, providing the fodder for those university offerings, are available at the expense of the students. By comparison, it is quite likely that the students can really choose to go to Harvard or wherever they wish, instead of being sold on a package deal by the Board.
