The Staff Of TICKER Mourns The Death Of Free Speech

by Bob Muhrab

The Senate of Day Session Student Government voted on Thursday, March 8, 1973 to cut TICKER's budget request from $17,603.01 to $11,852.36. This figure is still subject to an across-the-board cut, expected to be about 30 percent.

The Senate, acting as a committee since there was no quorum, felt that the Baruch community could get by with only eight-page issues of the student newspaper rather than the 12-page issues TICKER had asked for. When, however, the across-the-board cut goes into effect, it will reduce TICKER's total allocation to $2,000, based on a 30 percent cut.

The Fees Committee, on February 27, had passed TICKER's budget request on the condition that the students' only voice would give up $2,500 from its organizational account. This account, however, can not be touched by Student Government since it is the possession of the Student Association, publishers of the formerly uncensored newspaper. The budget request was presented to the Senate which has the final say on allocations. After a long, heated debate, the Senate decided to leave the organizational account alone and cut TICKER'S budget to $11,852.36, also eliminating the use of color. A suggestion was made to use the organizational account to cover any additional costs.

TICKER pointed out that the budget request was merely to cover printing costs. The organizational account was used to cover all other expenses, ranging from office supplies to emergency reserve funds.

What will be affected most as a result of this cut are columns and ads. Some, possibly all columns will be dropped. Ads submitted by Baruch organizations will either have to be smaller in size, rates may be raised, or a combination of the two.

TICKER will appeal the Senate's decision, but nothing is expected to come of it. The demise of this only means of communication among students is considered by the staff as an act of censorship.

An Open Letter To President Wingfield

March 12, 1973

Clyde J. Wingfield, President
Rernard M. Baruch College

Dear President Wingfield:

We are asking at this time for a complete investigation by your office of the actions of Student Government. It is our strong belief that the financial decisions handed down by Student Senate are not in the best interests of the Baruch community. School officials that all students know the facts concerning their eight dollar activity fee. Where our money goes must reflect the needs and wants of all students and not be concentrated within a small segment of the total community.

The Plight of TICKER

by Howard Hochbrad

If TICKER is the only organization which serves a majority of the student body, why was TICKER's budget cut by almost a third by the Student Senate? What is the basis of the Senate's action in relation to the published account?

TICKER consists of all advertising received by the paper. It is our strong belief that the financial decisions handed down by Student Senate are not in the best interests of the Baruch community. School officials that all students know the facts concerning their eight dollar activity fee. Where our money goes must reflect the needs and wants of all students and not be concentrated within a small segment of the total community.

(Continued on Page 2)
Open Letter . . .

The decision of March 10th to hold a one-day labor strike is too much.

Unfortunately, the decision was made with little consideration of the effects that it will have on the student body. We are writing to you as President to urge you to reconsider this decision.

Many students have expressed concerns that the strike will disrupt their studies and make it difficult for them to keep up with their coursework.

We also understand that the purpose of this strike is to support the workers' demands. However, we believe that there are alternative solutions to this problem that do not involve disrupting the academic environment.

We urge you to explore these alternatives and to work with the labor union to find a solution that is fair to both students and workers.

Respectfully,

[Signature]

Senator

Don't You Care About Who's Stealing Your Money?

By Joyce Rosenbaum

The first meeting of the semester was to elect the student representatives to the Senate. The Senate has the power to approve or reject the Student Budget, which includes the budgets of all the clubs.

So, how do we know if our money is being spent wisely? One way is to review the budgets of the clubs and see how they are being used.

According to the Senate, any club can have a decent budget if they follow the rules. However, some clubs do not follow these rules and spend their money on things that are not necessary.

In order to improve the budgeting process, we need to have more involvement from the students. This will ensure that our money is being used effectively and efficiently.

Reactions to Student Senate

By Kevin Howard Hochrad

The Student Senate is the governing body of the student clubs. They are responsible for approving or rejecting the budgets of these clubs.

The Senate has the power to approve or reject the Student Budget, which includes the budgets of all the clubs. To do this, they need to have all the necessary information about the clubs.

There are several clubs on campus that do not follow the rules and spend their money on things that are not necessary. This is a problem because it is not fair to all the students who pay for these clubs.

Some clubs have budgets that are not approved by the Senate. This means that they are spending money that has not been approved by the Senate.

The Senate should be held accountable for their decisions. They need to be more transparent about their actions and explain why they are approving or rejecting the budgets.
