PETITION TO STOP CARIBBEAN PROGRAM
(Survey of the Caribbean Islands)

We, the undersigned, being duly registered, matriculated students and faculty at the Baruch M. Baruch College, object to the implementation of the Summer Pilot Program in the Caribbean being given this summer of 1974.

We propose the implementation of this program because of the following reasons:

1. This program was presented to the Baruch Community last spring and was rejected by the students and the faculty for the same reasons stated below. It was then opened up to C.U.N.Y. and again failed to pass. The re-implementation of this already rejected proposal here at Baruch College is again another act of the administration's lack of concern, desire, and regard to meet the needs and demands of the students.

2. The course attempts to cover the Major Antilles and the Minor Antilles, a total of 14 islands, in a period of 3 weeks consisting of 46 hours.

3. It is academically impossible to cover the
   a. History in 5 hours.
   b. Culture in 6 hours.
   c. Economics in 6 hours.
   d. Politics and International Relations of the Caribbean Nations in 6 hours.

4. We feel that this is a TOKEN COURSE which overlooks the demands that the Black, Puerto Rican, and Latina Students are being given this summer of 1974.

   a. History in 5 hours.
   b. Culture in 6 hours.
   c. Economics in 6 hours.

   The Subcommittee's recommendation that SPS supervise cafeteria service was struck down, but the consensus was that there should be hot food service in the evening.

   The final Exam Schedule, which can be seen here at Baruch College is to OVERLOOK THE NEEDS OF THE PUERTO RICAN, LATIN, AND BLACK COMMUNITY HERE AND IN C.U.N.Y.

   Upon signature of this petition please return to the tables either in the main floor of the student center or main building.

SPS Task Force Sub-Committees
Report: Changes Proposed

By Nancy Bowker

On Wednesday, May 1st, the President's Task Force on Student Personnel Services met in full session. Of the five subcommittee reports, two were discussed. The recommendations of the Evening Session Subcommittee were altered and then endorsed by the full task force. The consensus was that having summer hours for evening students was desirable but difficult to schedule. The Subcommittee's recommendation that SPS supervise cafeteria service was struck down, but the consensus was that there should be hot food service in the evening.

The next report to be discussed was that of the Subcommittee on Financial Aid, Foreign Student, Admissions Office and Placement Office. The subcommittee did not consider the Office of Career Counseling and Placement because there is another special task force studying it. The report recommended that the Financial Aid Office be transferred from SPS to the Administrator of Business Affairs. The task force felt that the types of financial aid available should be better publicized. The second recommendation, that all financial aid offices, including SPS, be supervised by the college's financial aid officer, also failed. Instead the task force recommended that the present relationship between SPS and Financial Aid be re-evaluated in the Spring of 1975. The subcommittee recommended that the Office of Foreign Students remain under the jurisdiction of SPS.

Discussion of the other reports on Student Activities, Counseling and Mediation Division, and Freshman Orientation, was postponed until the next meeting, which is scheduled for May 9th at 5:30 p.m. in the President's Conference Room on the 5th floor of the 24th St. Building. The meetings are open to students.

NOTICE

The last issue of Ticker appeared next week.

So the editor may study for exams. There will be no issue the last week of classes.

All ads for the last week of classes must be submitted for next week's issue.

Notice to All Baruch Students

The final Exam Schedule should be available later this week or early next week. Be sure to get a copy of the schedule from the Registrar's Office.

All conflicts must be reported by next Wednesday, May 15. Ticker will carry the schedule in our last issue next Tuesday.

The Spring Market Sale, sponsored by the Retail Society, took place on April 24th from 11 a.m. to 1 p.m. Students set up tables and sold jeans, cakes and cookies, stamps, candles, tacks, and jewelry. Not only was the fair a financial success, but a good part of the student body participated.

Letters To The Editor

To the Editor:

I have been following the debate about the cancellation of the Pride Dance with interest. As a member of the gay community, I believe that this decision was made in haste and without proper consideration. The cancellation of the dance was not only a loss for the gay community, but also for the Baruch College community as a whole.

Sincerely,

To the Editor:

I write in response to the article about the cancellation of the Pride Dance. As a member of the gay community, I believe that the cancellation was a mistake and that the administration should take steps to ensure that such an event does not happen again.

Commentary: In Memoriam

There is no better way to end this program than to reflect on our shared experiences. The pride dance was a momentous event that brought together members of the community and celebrated our diversity.

Letters To The Editor

(Continued from Page 4)

I am appalled that Mr. Seaver had nothing to do with it when I had just read a memorandum which he had written about "quality of life" funds. Although I knew that he was a sapping, I thought that submitting the article was the right thing to do. I had the greatest respect for you, I have wanted to submit the article.

I haven't forgotten taking Music 15 during the summer of 1979, and I'm sure the article in the Ticker. (Ticker, April 30th) you may have been referring to. I was one of a few who thought that books would be available to other alternate locations were not practicable, the Society voted—before Spring Break—to discount plans for a Spring event and to concentrate on other activities. I would like to have been a member of the Public Relations Society and I assure you that neither Dean Senour nor President Wingfield could possibly have done more to help the Society.

Dear Mr. Chamberlain:

Unfortunately, various members of your society hold different opinions about circumstances regarding the cancellation of Spring Day and the role Baruch's Administration played in the cancellation (e.g., Dean Senour).

As an avid reader of Ticker, I am writing to point out that Mr. Deutsch has performed a service in pointing out that Mr. Deutsch has performed a service in pointing out that "the proposed Baruch Spring Day will be cancelled" (April 30th)." I am aware that there are students who are disappointed with the news.

In my lively "In the Streets" column (Ticker, April 30th) you made a statement about the proposed Baruch Spring Day which are contrary to fact. I am sure that you as a responsible journalist, will want to bring correct information.

I think that you will want to know that at no time did the Society have a realistic expectation of getting the block in front of Baruch closed. The Society planned a "spring-day-in-the-library" on the second day it was thought that the 25th Street block between Lexington and Third Avenues would be available. When it was learned that that block would not be available as either alternate locations were not practicable, the Society voted—before Spring Break—to discount plans for a Spring event and to concentrate on other activities.

The members of the Public Relations Society and I assure you that neither Dean Senour nor President Wingfield could possibly have done more to help the Public Relations Society in its efforts.
