Platforms of Student Candidates

Chairperson

ALLAN FISHER

This year could be the turning point in the history of Baruch College. Previous student governments have shown themselves to be corrupt and negligent in their responsibilities as YOUR representatives. This year can be different. This year someone is running who really cares about the problems you face. For the past year this man has fought for you against the corruption of student government and the administration's lack of concern for the betterment of the overall environment. Student Government shouldn't just be an organization for fees disbursements, but a viable group fighting for your betterment. Let good government return to you. Student government can work for you. VOTE AL FISHER FOR CHANGE.

HENRI FRANKFURTER

As a Viet Nam era Veteran I have achieved a modicum of administrative expertise, which is essential in dealing with a bureaucratic structure. As Chairman it is my express purpose to integrate the various factions present on campus into a harmonious, student community. Another stated purpose of my platform is to establish myself as liaison between the student body and the Administration, which is sorely needed. As a student aid in the Registrar's office, I have established invaluable contacts and friendships throughout the administrative structure of the college. This will prove an invaluable tool in bettering our campus in terms of student needs.

FREEDE J. GREENBLATT

Vote for someone to dean up the shit we're all in. Not someone who will make the pile bigger. Do yourself a favor. GREENBLATT FOR CHAIRMAN.

PAUL JOSEPH

I listen when others speak and that's the only way to bring the divergent groups in the school together. While I was running for council so their clubs get bigger budgets I'm running as an independent without ties to any organizations. I want to deal with all areas of student affairs and to try relieve some of the conflict that is occurring within the college. Let us make this college an institution that works for us rather than against us. So let us begin by making a clean break.

LEWIS TUCKER

The student council has in the past not been truly representative of the student body. This must change if we wish to have a strong student governmental body and a body capable of student interest. Polarization like that must not be allowed to continue by the student body for it hinders all students. I shall try to get all the students and find the right people in the right places. Please Vote.

ELIOT 2IMMERMAN

Eight dollars of your sixty dollar tuition fee is given to the Student Government to plan activities for your sole and direct benefit. Last year the Student Government lost sight of its responsibility to you and functions were planned for a small, select group. This situation occurred because the Student Government removed itself from the Baruchian mainstream of social thought and catered to the whims of the student leadership. To remedy the Student Government's "unsociable" behavior, I submit that a review board be set up to hear all complaints and suggestions made by you, the students. This board's responsibility would lie in summarizing and reporting its findings to the Baruch Senate, on a weekly basis. In this manner, the Student Government could become aware of the more pressing problems facing its students and take appropriate action to rectify situations as they arise. If elected, I promise that Student Government will stay involved with the Baruch students and always respond to its needs and desires.

A formal statement of my proposals for the upcoming year is as follows:
- The establishment of a book of discounts for Baruch students at local business establishments (e.g., food stores, clothes stores, theaters, etc.).
- The elimination of the 14 credits for dropping without penalty quota.
- The addition of winter intersession to the school calendar.

To conclude, I stand for better communications between the Student Government and you, the Student Body. Vote ZIMMERMAN - to give me the chance to support you!

Treasurer

ISSAC ETTESAMI

Last year the Fees Committee chaired by the treasuror, conducted itself in an unfair and time-consuming manner and resulted in much dissatisfaction. The treasurer was very hard to find and when found, he was unsignificant and irresponsible.

I have had experience as a senator, and as head of various committees last year. I served in the constitutional committee during the summer. I have experienced as a treasurer of various clubs. I am determined to have a fair, efficient, effective, and fast-acting fees committee. I will be in school everyday to sign vouchers and be around for any other need.

JAKJE JUTKOWITZ

To establish a fees structure that will fairly represent all students and student organizations. I feel this can be accomplished by initiating guidelines which are in the best interest of all Baruch students and having daily office hours so that I can help those seeking advice.

CARLIE THORNHILL

Many and varied have been the abuses heaped upon the Baruch Community. Past treasurers and the chairman of the appeals committee have made a mockery of the integrity vested in this office. There is a dire need for the introduction of acceptable accounting procedure and a high degree of personal honesty and dependability. I will serve the Baruch Community, and Student Body in the Baruch community, for the benefit of the entire community.

Representative-at-Large

MARVIN BAILEY

As a senior here at Baruch, I have experienced many facets of Baruch life. Most of my encounters have been positive, but some have been negative. If elected to student government, I plan to work with a unified body of students and to work for a complete positive environment for all Baruch students, and voice the interest of the senior class at large.

BARBARA BEKOWITZ

To establish a fees structure that will fairly represent all students and student organizations. I feel this can be accomplished by initiating guidelines which are in the best interest of all Baruch students and having daily office hours so that I can help those seeking advice.

Representative-at-Large

HILDAE CADET

Traditionally Baruch has never shown any interest in student activities and Student Government. This year we are going to show everybody that this tradition does not apply to Baruch. Therefore, I urge you to vote and support your candidates in order to form a strong Government. I feel that I can help solve some of the problems of this community. VOTE ME IN.

ANN MACK

My name is Ann Mack and I am running for the office of Representative-at-Large. My policy will be one of openness, honesty, and responsiveness to the students.

The only way I can get elected is if you vote and come out in support. After my first year as a student I decided that the student council was not being truly responsive to the needs and wants of the student body.

Extra: Election Issue

On Elections

This term a strange thing is going to take place on Wednesday October 16th. In Class elections for the Senate Student Government will be held. That's right, 'In Class'. In order to insure a thirty percent (30%) vote it has been decided by the Elections Committee that In Class elections will be held this term. Provisions are also being made for those who will not be in class during the designated hour. Further details will be available in the next issue of TICKER.

The other strange thing about the elections will be that the Student Government being voted in for one (1) term only, that is till February. The reason for this short period of office is as follows:

Student Government this term will be functioning under the old constitution. However, that constitution is being changed and the new one will become effective January 1st. The new constitution changes the structure of Student Government so as to make it more effective and also so as to comply with the new Baruch College Governance Plan. Some may feel that this one term government is a 'lame duck' government and will therefore not vote. Well there is some basis to that argument however, it is hoped that those elected to Student Government this term will take the position that this term be a stepping stone for the next term and will therefore be interested in initiating programs that can carry on to next term.

Speaking for the Elections Committee, we feel that this is the best possible system that can be instituted this term. The fact that we must comply with 'Governance' by January there is no other feasible way that Student Government can work this term. We urge that come October 16th you vote and not just for anybody, but for those who will "first represent you on Student Government.

JAKE JUTKOWITZ

ISSAC ETTESAMI

ELECTIONS COMMITTEE

GLENN A. COHN

I feel that last year the Senate did not do enough for the students of this college. The budgets did not get done in a fair and equal way for all. If I am elected as Rep. at large, I will try and get the budgets passed at a faster pace so that we can have all our programs at the earliest possible time. Also, the registration was not handled properly. I think that we could have done a better job. I will try to see that the registration is done in a fair and equal way.

VALERIE GORDON

The administration of this school has been ignoring our needs too long. This year we must accomplish a lot for the students' sake, and for the betterment of our community. I wish to do that with your support. We need a strong Student Government with a strong community support. VOTE ME IN.

**Bookstore Preview**

by DAViLD. LEVINE

When you come to campus, there are some things you can expect to see. The Bookstore is one of them. Among the items you may find, there are a few额外 useful things.

The most obvious is the fact that the Bookstore sells books. This is true, but there is more to it than meets the eye. For example, did you know that the Bookstore also sells pens? Or that they have a small selection of tote bags available? These are just a few of the many items you can find at the Bookstore.

Another important aspect of the Bookstore is the fact that it offers a variety of services to students. You can reserve books, purchase textbooks, and even purchase graduation gowns and caps. If you need help finding a book, the Bookstore staff is always willing to assist you.

Finally, the Bookstore is a great place to chill out. There is a small area where you can sit and read, or just hang out and chat with other students.

For Your Own Good

BY DEAN DELMA BERNSTEIN

Welcome back to school and to a quality of life that you have been very much looking forward to. What with the busy-ness of those of whom you are aware and to whom you have become accustomed and to whom you do not want to be connected to any further, it is also the beginning of a new era of democracy in this country. Democrats do not give up, they take a stand and fight for what they believe. If you have not been logged out of your constitution, if you have not been logged in, then now is your opportunity to vote. The election for members of the House of Representatives is on Tuesday, October 15th. The House of Representatives is a part of the United States government and its members are elected by the people. If you do not vote, you will not have a voice in the government. If you do vote, you will have a voice in the government.

Theodore Roosevelt was a great example of a leader who stood up for what he believed in. He was a leader who stood up for the working man and he was a leader who stood up for the people. He was a leader who stood up for democracy. He was a leader who stood up for the people's rights.

TICKER

XANADU

BY BRAD FERGUSON

There's an article in last week's TICKER that gives you the basic idea of "the Xanadu". It's a music festival that takes place in the fall of each year. It's a three-day event that brings together the best of the best in the world of music. The festival is held in a beautiful location in the mountains, surrounded by incredible scenery. It's a great place to be with your friends and family.

Tickets are available now and they sell out quickly, so be sure to get yours as soon as possible. The festival features a variety of music genres, from rock to hip-hop to country. There's something for everyone. Don't miss out on this incredible opportunity to see some of the best musicians in the world perform in an amazing setting.

The festival is held from Thursday, October 11th to Saturday, October 13th. Gates open at 11am and the festival ends at 10pm. It's a great opportunity to experience music in a unique way and to create memories that will last a lifetime.

Xanadu Festival 2023 Tickets:
- General Admission: $120
- VIP Pass: $200
- Festival Shuttle: $20

For more information, visit the Xanadu Festival website or call 1-800-654-3214.

(Continued from page 7)

Youthful promises, indeed, feel that is a waste of time and effort on my part. The only way that we can make this year’s Senate work is by having everybody live up to their pledges, not by making promises in the air.

MICK SUCHER

Although I am only a freshman at this school, I have already realized how inefficient the administration is in fulfilling our needs and at least trying to solve our problems. I think the time has come for us to stand together and fight for our rights as members of Baruch. I think I am qualified to represent you and I need your vote and support. Thank you.

Senior Senator
Liberal Arts

GENEVIEVE JONES

I would like to declare my candidacy for senior senator. In 1973 I represented the Sophomore Class as Senator. While in this office I tried to deal with the school’s policies and procedures and in an attempt to unify the Baruch community. My efforts were not entirely in vain and the voice of the Sophomore Class was heard at all times. I believe I was instrumental in getting several major things accomplished. If I am elected as Senator the voice of the Senior Class will also be heard; and hopefully their problems resolved.

MIKE SUCHER

To my mind, Student Government can be the most provocative, dynamic vehicle for student participation in the process of obtaining a higher education. It can be at the very forefront of that thrust which is most conducive to the growth and hopefully their problems.

Senior Senator
Liberal Arts

ROSEANN SMARAGDAS

Freshmen need an officer who will take time to listen and act when needed. All freshmen play a vital role in Baruch College. They are the stem of the college. It is they who will have to spend their four years here. If elected, I plan to make the freshmen aware of what the administration and student council is doing for them. Elect me and I will try to make the administration listen to us.

CHRISTOPHER NILES

Stagnation could be the base of any institution, Baruch college is no exception. Unless we pursue a policy of unrelenting alertness for areas that need improvements, modifications and changes, and of pressing to achieve them, we shall inevitably experience a decline in the quality of education we obtain. As a member of Student Government, I shall be in an inevitably watchful for areas that are wanting. I shall entertain suggestions from all concerned with the welfare of our college and seek remedies through amicable debate.

DAWN BALKARAWSINGH

As a freshman, I would like to see incoming freshmen taken care of. Our needs have never mattered in this school; freshman orientation is a start but there is so much to be done. I think I can help and I want to help.

SARDRO CHIAPPOLINI

I am new at Baruch but I am definitely not shy. All my life I have tried to work in aid of my environment and community. Nothing has changed on this score. Education means more than going to and coming from classes. Help me to achieve the proper perspectives in education for all here at Baruch. Vote for me and I will assume responsibility in getting the political education for all students in the freshman class.
