ELECTION IN DOUBT
INQUIRY TO BE HELD
FISHER CHARGES ABUSE
IN LETTER TO GRODIN
CANDIDATES JITTERY

by MICHAEL FISHEIN and RALPH SINGER

Final vote-counting for all categories of the latest Day Session Government elections was halted last Thursday night on the orders of the acting Chairperson, Mr. Jake Jutkowitz. Mr. Jutkowitz is currently a candidate for the position of Day Session treasurer. The orders were issued amid charges and countercharges of serious "irregularities and abuses" which were alleged to have occurred during the voting hour last Wednesday.

The Dean of Students, Roy R. Senour, Jr., has refrained from comment on the action. At the insistence of TICKER, Mr. Jutkowitz has released the following statement to the Baruch College community: "As of Friday, October 18th, the status of the Student Government Elections is as follows: Over 3,100 ballots were cast, which is well over the 30 percent of the electorate required by the Board of Higher Education By-Laws. (Ed. note: The stipulation can be found in Article 15.2.) There will be a temporary freeze in effect on the compiling of final tallies. Because many allegations have been made concerning the validity of the elections, this means no figures will be released until the approval of Dean of Students Roy Senour is given."

"A hearing, which will be open to the school media, will be held on Tuesday, October 22nd, or Wednesday, October 23rd. Mr. Jutkowitz has thus far declined to elaborate on the nature of the "allegations" to which he alluded in his statement. It was reported to TICKER, however, that these charges include incidents of physical and verbal abuses of prospective voters. This report, as well as similar rumors, was unsubstantiated as TICKER went to press on Friday.

It is not known at this time whether the Student Government Elections Committee would consider the question of overturning the election should any of the charges which have been forwarded prove to be true. Although Mr. Jutkowitz's statement indicates otherwise, whether the Elections Committee will itself constitute the investigatory body is also unclear. What appears to be the most serious charges have been leveled by Mr. Allen Fisher who is one of the six candidates for the chairpersonship. In a letter addressed to Mr. Jerold Grodin, Day Session Director of Student Activities (Student Personnel Services), and dated October 17th, Mr. Fisher charged that five specific irregularities occurred during the voting period. These irregularities include allegations that students were turned away from the voting tables prior to their actual closing time; that the Elections Committee failed to canvass all 11.00 o'clock classes due to a lack of manpower; that an apparent conflict of interest existed on the part of several of those who were directing the voting and vote-counting; that copies of slates of candidates were found attached to individual ballots; and that there was considerable electioneering by candidates at several of the voting tables.

Copies of Mr. Fisher's letter were posted to the Dean of Students, President Clyde J. Wingfield and to this newspaper. TICKER will cover the hearing which has been called.

Dr. Word & Deed

by Michael Tashibana and Ralph Singer

Contrary to rumor-filled handbill advertisements here last week, Prof. Carl Word (Psychology) is not being fired. Two weeks ago a classified advertisement was submitted to this newspaper. The advertisement claimed that "due to the prejudices of higher authority" Dr. Word was being summarily fired. Although no one has confirmed reports a meeting, as requested by the advertisement, was held in the Psychology Department by interested student supporters of Dr. Word.

Early this week handbills were distributed by several students claiming that Dr. Word had been fired. The handbill also reported that Dr. Word's controversial course, "The Psychology of the Black Experience," was being cancelled in mid-semester. Finally, it was reported that the course (Psy 90.6) would never be offered again.

TICKER has since learned that none of these "facts" are true. Dr. Word has recently become embroiled in a legal action against several colleges in northern California over alleged policies of institutional racism. In order to determine the extent of the legal actions in which he had become involved, Dr. Word requested short-term leave in order to fly to California. This request was denied by the Psychology Department.

In a confusing tangle of offers and counter-offer involving short-term and semester leave and leave with or without pay, student supporters planned a rally for Dr. Word scheduled for last Thursday.

On investigation TICKER has since discovered that Dr. Word had made plans to have his courses covered by other instructors during his absence. As it stands now, the Psychology Department has approved a leave without pay for Dr. Word. This action has been approved by the School of Liberal Arts and Sciences and the College.

It is true that "The Psychology of the Black Experience" will not be offered for the Spring 1975 semester. However, this is not due to Dr. Word's activities in California. Dr. Word has failed to notify the department of his intentions to offer the course. The de facto decision not to offer the course will have no effect on the possibility that it will be offered in following terms.
BGS Wants You!

eCeBege [exclusive of summer sessions] and AT LEAST 36 credits of CoHege consisting of between 78-93 credits and consisting of between 94-110 credits.

**Baruch's Career Counselor**

Baruch College's Career Counselor will be attending the lecture by Baruch's Career Counselor at MADISON SQUARE GARDEN FISHER HALL. Tickets are $7.50, and $6.50 for students.

**Music**

**Lenny**

A native New Yorker, Lenny and his father, have been associated with music for many years. Lenny's father, a well-known jazz musician, shared his love of music with his family. Lenny, at the age of 12, began playing the trumpet and continued to play throughout his life. He has been featured in various films and television shows, and has won several awards for his performances. Lenny's music is characterized by a distinctive style that combines elements of jazz and classical music. He has collaborated with many notable musicians, and his music has been featured in numerous movies and TV shows.

**The Annual National Jazz Festival**

The National Jazz Festival is a prestigious event that has been held annually for over 50 years. The festival features performances by some of the greatest jazz musicians in the world. It is held in a beautiful outdoor setting, with a view of the city skyline. The festival attracts thousands of music lovers from all over the country. Visitors can enjoy live jazz performances, as well as workshops and master classes with some of the top jazz artists. The festival is a wonderful opportunity to experience the rich history and culture of jazz music.

SPORTS

Cross Country & Soccer

The Baruch cross country team established three school records as it defeated Lehman, 19-40, and Hunter, 22-36 while losing to Stony Brook, 32-29. The dual meet was at Van Cortlandt Park, Oct. 12. The victories gave Baruch an 8-1 mark, thereby improving its standing in the CUNY awards. All but two runners had their best times in the meet and new records were set for a five-man average and a seven-man average. The first five finishers averaged 29:03.0 for the five-mile run while the first seven averaged 29:45.6 thereby breaking the old marks of 28:36.2 and 29:25.2 and 29:56.3 respectively, set in last year's CUNY championships.

Captain Gerry Mortensen was the meet's top finisher placing fifth in the race with a time of 28:40, his best. Steve Tepper was fifth with 28:26, his second best time.

Charley Vitale and Bobby Holmes were eighth and ninth with 29:40 and 29:00 with Ed Rodriguez the fifth finisher with 30:35. Frank Kawoski and Errol Leyendecker completed the seven. The latter five are all freshmen.

Saturday Coach Roy Chernock will take his team to Albany to take part in the Albany Invitational cross-country run. On Nov. 2 Baruch will compete in the Collegiate Track Conference championships for the first time and a week later will go after the CUNY championship.

It was a long time between soccer victories for Baruch, but when the Statesmen finally did record a win they did it in grand style.

Trailing Medgar Evers 2-0 after ten minutes, Baruch got things together and ran off with a 10-3 victory at Van Cortlandt Park on Columbus Day.

The win brought Baruch's record to 1-4-2 halfway through the schedule. It was also the first win since the 1972 season when Baruch beat Hunter 4-3.

Since then Baruch had gone 21 games without a victory tying four games in that span.

Paul Kurti, who has been with the team since its inception in 1971, scored four goals and added an assist. His four goals tied a single game record he set against Brooklyn Poly in 1971. He has 33 career goals a school record. The 10 goals equalled a school record.

Co-captain Fred Witter set up three of Kurti's goals with lead passes. He also had another goal and a fourth assist. Michael John had two goals and Mario Caputi, Roy Thomas and Aldwin Brown one apiece.

After falling behind 2-0 in the early going Baruch finally got untracked as Kurti fed to Witter, who set up another goal. Witter scored and Baruch led 3-2. The second half was all Baruch as the Statesmen scored in seven straight goals for a 10-2 lead.

In other recent games Baruch tied City College, 3-3, and York, 2-2, while losing to Queens, 2-0, and St. Francis, 4-0.
