President Issues 'Austerity' Memo

TO: Vice Presidents, Deans, Directors, Department Chairmen
FROM: Clyde J. Wingfield
SUBJECT: The necessary adjustments to meet the current budget reduction.

As you know by this time, the City is requiring Baruch College to reduce this year's operating budget by $134,000. The budget reduction strategy outlined below is consistent with the requirements of the policy adopted by the BHE and makes every effort to minimize impact on personnel. Keeping in mind the extended and supportive meeting held several weeks ago with Deans and Department Chairmen, I am asking your cooperation in implementing immediately the following necessary actions to meet our required budget reduction:

1. Administrative Savings

Administrative savings in personnel and OTPS will provide approximately 25% of the required budget reduction. Reductions include staffing and OTPS in the Office of the President, Vice Presidents, and all Deans. Savings will also be made in the Office of College Relations, the Computer Center, and other services.

Savings in the Department of Student Personnel Services should provide approximately 8% of the required budget reduction. Reductions will affect hourly funding, OTPS, and possibly part-time personnel.

2. Section Size

Department Chairmen in consultation with the appropriate Dean will review all minimum and maximum limits on the size of sections and, except where compelling educational justification can be demonstrated:

(a) No sections will be continued with fewer than 20 students.
(b) The classroom capacity will be used as a maximum enrollment for that section.
(c) Each department, in consultation with the School Dean and the Vice President for Academic Affairs, should reduce released time by at least 30%.

3. Teaching Load

School Deans, in consultation with each department chairman, will review teaching loads for all full-time faculty members in a department. Any reduction from the established 12-hour undergraduate teaching load and the 9-hour graduate teaching load must be fully justified and approved by both the School Dean and the Vice President for Academic Affairs. Added teaching hours by full-time faculty will result in a balancing reduction in adjunct teaching hours. (BHE guidelines require that full-time faculty teaching for additional compensation or full-time public employees appointed as adjuncts in a department, must be released from adjunct assignments prior to the reduction of other categories of adjunct personnel.)

4. Paid Supervision

Each department, in consultation with the Dean and the Vice President for Academic Affairs, should reduce paid departmental supervision by at least 30%.

5. Teaching Assignments for Academic Administrators

Effective with the spring semester all academic deans and other qualified administrators whose duties permit, will be expected to teach at least one course in their discipline and appropriate specialization.

6. Other Than Personal Services

The existing freeze and special review procedures for the purchase of equipment, supplies and library acquisitions will continue. Only essential purchases can be permitted.

7. Travel

Effective immediately no out-of-state administrative travel will be permitted without the approval of the President. Faculty travel requests will continue to require the approval of the appropriate School Dean and the Vice President for Academic Affairs. All requests previously approved will be reviewed.

BY A NECHI. F.D. L.C. COME ONE, COME ALL!

THE MANAGEMENT SOCIETY OF BARUCH COLLEGE

WISHES TO INVITE YOU TO ATTEND
A WINE AND PIZZA PARTY
THURSDAY, JANUARY 16, 1975
ROOM 1303-1305 PAS

ALL INVITED!
Those who have served out this term with both on and off the masthead staff (both have sinecures thanks and are soon to graduate), I would like to mention one or two such members who would fill all of the pages of this issue. Such as Robert, who has several exams and is a very capable person. If only this column is mine to write. A few, though, deserve public notice. So, in no particular order.

Ms. Nancy Bowker—my managing editor. To this solemn charge I have the personal responsibility. Thank you. I am quite sure that no managing editor has ever had to cope with me. No, I will say, my predecessor, the indomitable Kevin Howard Duryeh.

Professor Mark Winkler—faculty advisor to Ticker Association. A man who recognizes the desire for independence; but, who is sage enough to understand that independence is a pose taken when one is positive of others' support.

Ralph Hyma—a friend. He is the reason I kept my sanity. Brad Ferguson—a colleague. From him I learned that a good beer at the right time is better than a million dollars. Allan Jacobs—another friend. He is the reason that I kept my sense of humor (such as it is). Professor Jason Marks—my technical advisor. If some newspapers had improved under his direction, then credit him.

Those students (including Ralph Singer) who populate 212. There are those who grumble that the RED Community reduces us to an ivory tower. Those people may have forgotten (or fail to see) that the real opalescent Future is within our friends only.

Professor Roy R. Senour, Jr.—Dean of the College of Science. I suppose there are students who believe, because they have a party to events which took place last year, will never believe this. However, our ability to report those events fairly and accurately were due, in large measure, to a mutually respecting relationship with this man.

Finally, there is a woman who undertook a task I was afraid of even the first week that I knew of her existence here at the College. She was able to make me forget this newspapers' repetitive and humdrum own. That is a precious gift for any editor.

Those who have never forgotten will have understood that their names in our newspapers are not nearly as important as their names and faces in my heart.

I will be graduating from Baruch College in June and it has taken me five years to ac-

Feuds...

(Continued from page 5)

exams. For further in-
formation, please contact the
corresponding Office of
Curricular Guidance (OCG)
and Adele Pappy, Director of
Admissions.

In addition to these
examinations, a student may
apply for an examination in
any course (except some
Education courses where state
laws take precedence) offered
in Baruch College at OCG.

Thereafter, the student may
request an "Application-For
Special Examination" (School
of Business-SB) or the
"Application-For Special
Examination" (School of
Liberal Arts-SLA). Thereafter,
the student will be instructed
to seek the approval of the
department which the
course is offered. Since many
departments have misin-
terpreted or transmogrified the
Bylaws of the College, I ask
that any student refused such
examination because he/she is
unqualified or that this
department does not offer such
examination in that or any of
their courses should contact
me and supply the following
data:

1. Course (number and section)
2. Department
3. Name of Department
4. Representative contacted
5. reason(s) given for refusal
6. Date Application was
made
7. Name of Applicant
8. Address of Applicant
9. Telephone Number

Anyone not responding to 1-7
will not be considered for
further deliberation due to
Departmental negligence.

violation of the College
Charter, and contempt of
Article 129 A of the Education
Law of New York State, the
Bylaws of the Board of Higher
Education, the revised Bylaws
and Bylaws Rules. Already, many
departments are in violation of
all or some of the above laws.

After meeting with President
Clyde J. Wingfield and
Chairman Lewis Tucker and
his Executive Board (Harry
Gibbs, Alan Jacobs, Carlyle
Thomson, Kylie S. Smaragdi)
I am pleased to report that all of
the aforementioned laws will be
upheld.

This Great Bladderball Game
being played on students
seeking answers will stop once
this is off the press. Writer’s
Note: The GBG is a game
played by students at Yale
University, annually, which
concerns a formal con-
frontation with the Absurd.

The offices of Student
Personnel Services has resolved
the problem of club-space
allocations, and the response
appears to be favorable by both
students and faculty alike.

Special thanks should be given
to all concerned for their
success in the light of the present
space-problems: Dean
Roy R. Senour, Jr., Assistant
Dean Florence Siegel, Messrs.
Ralph Hyman and Edward Z.
Wronsly, Junior.

I also wish to thank Mr.
Constantin G. Fakas for taking
expeditious action in resolving
a communication problem at
155 East 24 Street.

The advent of Richard
Henry Dana, Jr., ended after
seeing over twenty-seven
doorkeepers-I and he are
happy to say.

Any interested students
wishing to take part in the
founding and election of members
to the National Honor Society, Phi Beta
Kappa, should contact me at
their earliest possible con-
venience. It is recommended
that such students should have
a general cumulative index of 3.0
and a 3.5 in their major; these
figures are somewhat flexible,
since the admittance is determined
by the top ten per cent of the
graduating class: early nomination is possible in the
second half of the applicant’s
junior year if he/she is in the
top two per cent of the class at
that time. Outstanding con-
tributions are also a counter
balancing force for some who
may not have exceptionally
high marks. Like entrance to
some of the most outstanding
institutions for higher learn-
ing--no single criteria is a
guarantee of admission, as well
as the inverse corollary.

A Student-Faculty Com-
mittee for the purpose of
selecting and recommending
students to Fulbright-Hays,
Rhodes, and CUNY
Scholarship Programs for
qualified undergraduates
seeking post-graduate studies
at any foreign university is
being formed.

Any inquiries regarding
Examinations (dealt with in
this article), Phi Beta Kappa,
or the Student-Faculty Com-
mittee for Scholarships in
International Studies should
contact me by leaving his/her
name, address, and a brief
résumé on the door of room
307 G at 137 East 22nd
Street Student Center.

The Best...

(Continued from page 5)

is fine, and it’s honored even
fine.

THE GAMBLER. (Paramount
Pictures). Directed by Karel
Reisz. There are few films that
have penetrated the world of
the gambler with the acumen
that Mr. Reisz has. It’s a gut
psychological study of a
catastrophy and it’s central
character, played to perfection
by James Caan, freely admits
that’s it’s in the court of
disaster that he finds all of the
excitement. A superbly crafted
film and a razor fine
psychological study.

LENNY. (United Artists).
Director Bob Fosse sure does
good work. Actor: dances
director... what next?? His
filmization of the life of Lenny
Bruce is superb. If you don’t
like the character, you’ll be
missing one of this country’s
most superbly crafted films if
you don’t go. The fact that
we’re still fighting for some of
the same things that Bruce is
(and he WAS in his own way)
proves the worth of the subject.
Mr. Fosse has proved his worth
and so has Dustin Hoffman in
what is certainly his finest
performance. Mr. Fosse is now
in the hospital recovering from
surgery; let us all pray for his
return to a successful career.

BEST ACTORS
(1) Gene Hackman for
"Zandy’s Bride"; (2) Keith
Carradine for "Thieves Like
Us"; (3) Richard Dreyfuss for
"The Apprenticeship of Duddy
Kravitz"; (4) James Caan for
"The Gambler"; (5) Dustin
Hoffman for "Lenny"

BEST ACTRESS
(1) Liv Ullmann for "Zandy’s
Bridge"; (2) Shelley Duvall for
"Thieves Like Us"; (3) Liv
Grabbe for "Scenes from a
Marriage"; (4) Valerie Perrine for
"Lenny"

WORST FILMS OF 1974
(1) "Andy Warhol’s
Frankenstein"; (2) "The
Tales of the Jazz Living Room";
(3) "Zardoz"; (4) "The Nine Lives of
Fritz the Cat"; (5) "The Great
Gatsby"; (6) "Shanks";
(7) "The Abduction"
