0. Report of Sub-Committee on R.O.C. Curricula: Motion to receive:
The report that after editorial changes be made, copies be sent
to Curriculum Coordinators and Department Heads for comments
by September, approved by a vote.

B. Motion to reconsider a previous action; The Department of
Business-General reconsideration of the Health Care Management
A.S. curriculum. Dean Steinberg has informed the college that no
new programs or options which exceed 6 credits will not be
accepted. In addition, all courses in new programs or options must
be fully transferable within UCD with 'model' articulations
agreements. Therefore, the Business Department wishes to have
the Health Care Management Curriculum re-considered as an
option within the Department of Business. On a motion from the
Business Department, the Committee amended, per a vote to waive
the 'model' rule. The proposed option may return to the
Curriculum Committee agenda at the first meeting in September
with or but necessary.

III. New Business

B. For English 10, a non-credit experimental course, the pre-
requisite is corrected with the addition of the following: "written
permission of English 10 instructor." The Committee accepted this
enlargement as an item of Communication.
