What’s 
Happening
With
Student Funds?

By Jim Hedges

With all the recent inquiries into how student funds are used and if the activities planned for the new year are adequate, I decided to interview Mr. Gerald Grodin, Director of Student Activities at Baruch, in order to see what’s being done to provide the students with ample opportunities to express themselves.

Basically, Mr. Grodin serves as an advisor to all the clubs and organizations within Baruch and he takes care of financial counselling to the Student Government as well as the clubs. He does not “tell” the clubs what to do, he merely helps them to set up their activities for the semester and helps them when they run into difficulty.

— In order to set up a new club or organization, students must talk to him and he will advise them as to the feasibility of undertaking their new project. Also, the students must fill out an application for a club charter which can be acquired at the student government offices in the Student Center. Mr. Grodin informed me that each year every club must file a new registration card to keep the records up-to-date.

An idea of Mr. Grodin’s contemplation involves a student fair in which interested clubs could get together in one place at the same time and provide their literature for the student body to view. This is planned in order to build up membership in the clubs and get non-active students involved in student activities.

He made it known that he supported the claims of over-pricing at the concession stands in the school and he...

FIGHTBACK COMMITTEE
TO HOLD RALLY

Students will rally to protest the 34 million dollar budget cutback hovering over CUNY, which can result in tuition being charged to city university students in the spring ’76 semester. The rally, organized by the CUNY Fightback committee of Baruch, will take place Thursday, October 9, during club hours in the Oak Lounge in the Student Center.

In case of overcrowding, the rally will be moved to the Student Center lobby.

The purpose of the rally is to motivate the student body to become actively aware of the pending financial crisis created by the latest cutback, and to inspire students with the fact that something can be done about it. To counter-attack effectively requires the strength that is attained by organization of students and unity of purpose.

Student government’s external affairs committee will be working with and backing financially the CUNY Fightback committee of Baruch. Carlyle Thornhill, treasurer of D.S.S.G. and Harry Gibbs, president, have given approval to the combining of forces of the committees.

Preparation of petitions to be distributed at the rally, and of posters, signs, handbills, will be made during the week preceding the rally, at the 212 community center room in the 22nd street student center building. As usual, students’ help is welcome whenever they have free time.

Tentative plans have been made to conduct a future rally at Governor Cally’s office, to bring the battle to the home-ground of the antagonist.

Speak the Truth to the People

By Art Fishman

Lying Dean of Students Roy R. Senour has found others who will spread false rumors and lies to the students in Baruch. Well Clyde, the students have only been their campaign to kick Senour Out, and those who lie to the people will also be isolated and be flushed down the toilet with you. Those who have sided with our unrespected and not so interesting that we’ve entered into an agreement...

BAY CITY WHAT?

BAY CITY WHAT?

BY UNKNOWN

You probably have heard about the British group which has brought the world to its knees. It may be comparable to the Monkees. However, it's possible that the Monkees were formed by a capricious act of fate, whereas the Bay City Rollers are the result of a deliberate effort. This group, with Stuart Wood and Alan Longmuir, all of which have the same effect on Britain as an American group had the same effect on the United States, has the same effect on Britain as an American group had the same effect on the United States.

The group itself is comprised of 5 Scots, aged from 18 to 27. The group is composed of de Les McKeown, Stuart Wood (Woody) and Alan Longmuir, all of which have the same effect on Britain as an American group had the same effect on the United States, has the same effect on Britain as an American group had the same effect on the United States.

The immediate effect of the BCR's is pure show business. This is the style they have been putting together for nearly ten years, since her act for nearly ten years, since her name is Betty Ford. It was there that the urban group is a laugh to the people of Britain. Exposure!

The BCR's are originally from Britain, the BCR's had a number of hits and had the same effect on Britain as an American group had the same effect on the United States.

ought to be able to describe our
total knowledge of human
behavior. When we attempt to
describe a single mood of
behavior, we very often have to
describe a whole pattern. We
must try to find out how the
entire pattern of behavior is
changing. Perhaps, in the end,
we have given the society more
influence over the individual
who lives in it, than we did in the
past. The influence that society
might or might not be able to
change the individual is
impossible to be determined
for all the solutions.

At the present time, we usually

TOWARD A New Era

Muhammad Ali staged a bout that

had never been staged before. Two
equals for the chance to meet Ali

in the ring, and the question

of who would make it out alive

to face Ali was the focus. The

likelihood is that boxing

wouldn't have been there.

The rhetoric is over

now. The promises made

by either man about what

he could do to the other, are

just what they amounted to.

It's all over now. The time

has come to talk about the

impact and the reality and the

political nature of the

challenge. The fact that the

opponents will be attending

most totally responsible for

the result. The question is,

how will the managers

handle the two men, who

have treated this fight, that

is, their managers, as a
day out of class. As the

Manager and Anthony Newley,

There are cases when the

manager is a very important part

of the team. But it is obvious

that the more a manager

can control the situation

then the less work there is for

the manager to do. If the Tuft

In Rochester, New York, it's been happening for years. The youth is a member of TOPs, Teens on Patrol. A group of boys and girls from the inner city who work with police each summer to help keep city recreation areas safe and orderly.

TOPs was conceived by Eastman Kodak Company and Rochester Jobs, Inc. in 1967. It has brought about a greater understanding and mutual respect between police and young people from the surrounding community.

TOPs don't have the power to make arrests, but they learn about police by working with them. Wearing special jackets and T-shirts, they ride in squad cars. Walk the beat. Monitor calls at the station. Supervise kids at pools and playgrounds. For which they're paid a salary.

Police come into the neighborhood as participants, not observers. When they get to know the people they're sworn to protect, they learn how their interests can be better served.

Why does Kodak provide financial support to TOPs? Because helping the people of Rochester communicate with one another helps build a better community in which the company can operate and grow. In short, it's good business. And we're in business to make a profit. But it's also good for society. The same society our business depends on.

If a company that makes pictures can't help people see more clearly, who can?
