By RICHARD WARREN

October 19th, 1976, the Borough of Manhattan Community College's (BMCC) Student Government President Alvin L. Walters claims Marchant, who was appointed Acting Editor of the BMCC Press, was being removed for political reasons. Staff members confirmed that Marchant had not followed proper accounting procedures when it was believed this was not the reason for his removal. Another stated that Marchant's removal as Editor was his opposition to student government censorship of the paper. One staff member stated that student government wanted to print a pro-Communist position. Walters claims Marchant did not send out bids, and that as President of student government and the administration, Marchant had not followed proper accounting procedures when it was believed this was not the reason for his removal. Another stated that Marchant's removal was just a manifestation of different political viewpoints between the student government President and Garth.

Concerning student government control of the paper, one reporter stated that he was told by a member of student government not to print anything critical of student government. Student government currently controls all the newspaper's funds, and has at present stopped its publication. The last issue was published Oct. 5th. But since then student government has refused to pay for the typesetting and printing of that issue. They claimed the typesetter, E.G. Graphics, charged an exorbitant price for that issue. The price was $1,600, and the paper was 20 pages with a 7,000 circulation. Marchant's reason for using E.G. Graphics was it is "quick, expedient and efficient," Herco Type, which is the same company they used, would charge $1,400 for a similar issue.

Currently the paper is at a standstill. There is no editor. Last Tuesday, Oct. 19th, the Press sent a letter to student government President Alvin L. Walters (with a copy sent to Draper) requesting a meeting to discuss the future of the paper. As of this writing, they have not responded.

Government Harrasses Students

By the N.C.L.E.

Interpol has been most active at falsifying their own records. Their records have shown the United States Congress anything of their Nazi history, nothing of the transmission of data on American citizens to Communist and Fascist countries, and nothing of their refusal to track down wanted Nazi war criminals.

The N.C.L.E. has turned up fully documented evidence of Interpol's Nazi connections. Under Interpol's roof during World War II it was held the meeting that came to be known as the "Final Solution" meeting which determined the fate of six million Jews. Interpol's president from 1938 through 1945 was the head of the dreaded "SS," Otto Steinhauser, Reinhard Heydrich, and Ernst Kaltenbrunner, Interpol's president as late as 1972 was Paul Dickoff, SS No. 337159 (documented out of Berlin War Records).

The U.S. says due ($560,000 last year, that is known about) to Interpol to be one of the 122 member countries. These countries include Cuba, Rumania, Yugoslavia and other countries. The U.S. headquarters for Interpol are in Paris. There is no access to the American citizens to Communist and Fascist countries, and nothing of their refusal to track down wanted Nazi war criminals.

The N.C.L.E. has found a private group known as Interpol, the International Criminal Police Organization, has misused their report which includes cases of police organizations falsifying their own records and dossiers on criminals. They have been "arrested" and their checks yet.

The U.S. headquarters for Interpol is currently located in the Treasury Building, Washington, D.C. Being located in the Treasury building, Interpol has access to the NCLE (National Criminal Information Center) and IRS files.

Newsbriefs

FINANCIAL AID HELD UP

Students are frustrated in seeking financial aid as to why they have not received their checks yet.

Leon Woloshin, Director of Financial Aid, stated that the holdup is due to the fact that the center offices at 80th Street have been swamped with a backlog of applications. This backlog occurred because the budget cuts made it necessary to let go a number of the people who process the applications.

Therefore, there are not enough people working on the processing to move the checks quickly.

Mr. Woloshin said that he hopes the checks can be distributed this week "as quickly as the college gets them and processes them."

STUDENT ACTIVITIES MOVES

The offices of the City Session Student Activity have moved to the first floor of the Student Center. Dr. Ruth Frisz, Director, asks that all clubs send a representative to her office in order to pick up a new mailbox key as soon as possible.

The offices of the BMCC Press, who wished not to be identified, expressed a rather different opinion. They felt that as President of student government, Alvin Walters was doing all he could to protect Draper. They felt the real reason for Marchant's removal as Editor was his opposition to student government censorship of the paper. One staff member stated that student government wanted to print a pro-Communist position. Walters claims Marchant did not send out bids, and that as President of student government and the administration, Marchant had not followed proper accounting procedures when it was believed this was not the reason for his removal.

**Veteran's Lecture**

By John Bernoulli

John Bernoulli is a Naval reserve officer and a psychology professor at Baruch College. Bernoulli is graduating from college, and he is considering joining the Navy. Bernoulli has a degree in psychology and is currently studying abroad.

**BMCC Editor Removed**

The BMCC editor was removed from the paper for the following reasons: 1) They were not being vocal enough, 2) They were not contributing enough to the paper, and 3) They were not being respectful enough to the staff. The editor was replaced with a new editor who was more active and contributed more to the paper.

**Fees Committee Plans Action**

Vinnie Burger

The Fees Committee is planning to make some changes to the fee structure. The most important decision being considered is whether to charge fees for all courses or only for certain courses. Although many students want to see fees for all courses, the Fees Committee has not received permission from the administration to make this change. They have been meeting with the administration and are hoping to receive permission soon.

Letters To The Editor

Meyers Says Hello
Dear Greg,
If your famous sports columns never cease to amaze me, see what I’ve come up with. I have something to say about the whole situation in the world of basketball.
It seems that everyone is always talking about the basketball season. I can’t think of any good reason why it should be called the ‘basketball season.’

To the Editor:

An OPEN LETTER TO THE EDITORS AND STUDY OF BOB MARSHALL

Bob Marshall was a man who had a passion for playing basketball. He was a great athlete and a great person. He was always willing to help others and he was always willing to work hard.

In my opinion, Bob Marshall was one of the greatest basketball players of all time. He was always willing to do whatever it took to win.

It was a sad day when Bob Marshall passed away. But it is a great day when we remember him.

Sincerely,
Bob Marshall

The awards will be given to the student who shows the most creativity, originality, and enthusiasm in the contest. The contest ends at the last bell of the school day. Winners will be announced at 12:30 P.M. on October 26, 1976.

The Student Voice Of Baruch College

The Background To Marriage

The Roman Catholic Church is by far the largest religious group in the United States. It has a membership of over 60 million people. The Church is one of the strongest forces in American society. It is a major influence in politics, economics, and education.

In the religious aspect of marriage, the Church views marriage as an important spiritual commitment. It considers it to be a sacred union of two people for life.

Marriage is protected by the state and is considered to be a legal contract. It is recognized by the government as a valid way to form a family and to protect the rights of children.

The norms behind marriage are very different in different cultures. In the United States, marriage is viewed as a way to create a family and to protect the rights of children. In other cultures, marriage may be viewed as a way to gain status or to secure a proper dowry.

The Roman Catholic Church holds that marriage is a lifetime commitment. It is a union between two people for life. It is a sacred contract that is not to be tampered with.

Marriage and the Church

The Church views marriage as a sacred union of two people for life. It considers it to be a holy sacrament. The Church teaches that marriage is a lifelong commitment to be entered into with the full consent of both parties.

The Church believes that the family is the basic unit of society. It considers the family to be the foundation of society. The Church teaches that the family is a sacred institution.

The Church teaches that the family is a sacred institution. It views the family as the basic unit of society. It considers the family to be the foundation of society. The Church teaches that the family is a sacred institution.

Excerpts From The Diary of Marvin Lipschitz

By J. Stern
April 1, 1962

Brisk day today. Wish I'd never gotten up. First thing this morning I got up and looked out my window and found absolutely nothing. Realized that I forgot to pull the shades, I pulled them up and came inside. It was 7:30 p.m., no alarm.

Can't remember if I got up today (or last Tuesday, for that matter). Has the world ended? And if so, will my Sanka have anything to do with the commotion?...Terrible Dream last night: I dreamed that I was swimming in the East River and drowned. I realized that I must have had some significance although I can think of nothing but that the Brooklyn Bridge was stolen in the middle of the night by a couple of crooks wearing black caps, but the support hose and saddle shoes over their pant legs.

8:26 A.M.

Finally got up but couldn't find my toothbrush. The world has indeed ended. For the next thing I knew I was in a line for a token booth that stretches out past the turnstiles in the next station. One wonders why I don't sneak down. Honesty (and quite possibly, extreme stupidity prevails. Stardate—Twenty Eight Six point Two: After a short wait of 2 or 3 light years, the "F" train pulls into the station. I manage to get in with a minimum of difficulty. (But then again it's not the first time I've used the "triple jump" My face is pressed up against a large woman's vertebrae and the door. (Alternately, depending on the speed of the train)...We pull into Queensbоро Plaza whereupon the door squeezes open and my nose promptly drops to the floor. I feel as though my soul got off here, but convince myself that not even it could have managed that feat and is probably somewhere in the trumpet section. First train pulls out of the station. I peer over the heads of my passengers and see a man with a chronic twitch banging his head on the Dustrain. Of course, which is also determined by the speed of the train.)

0:19:04 A.M.

The moment of truth has come. We are passing under the Brooklyn Bridge. My mind wanders and I wonder whether all the others will dissolve along with me, and if so will someone other than polyester suit. I think of the next daily "headlines"

FOR YOUR POLITICAL AND EDUCATIONAL AWARENESS OF THE BLACK SOUTH AFRICAN STRUGGLE AGAINST APARTHEID

THURSDAY OCTOBER 28, 1976

AT 12 NOON

WINNER: FIVE INTERNATIONAL FILM AWARDS—Recently aired over WABC-TV's "LIKE IT IS" hosted by Gil Noble

African Students Association

General Meeting is scheduled for Thursday, October 28, 1976
TIME: 12-2 (Club Hrs)
PLACE: 17 Lex (Room 310)

ALL WELCOME!!!

Please be on Time!!!

Relief! We pull into Lexington Ave. We have not dissolved. An unfriendly feeling of joy overcomes me and at the same time my soul finds a seat and starts reading the newspaper. The threat of the crowd pushes us off the train and up onto Lexington Ave. A moment of sorrow hits me as I realize my soul is on its way to 23rd St. I am not. As I am leaving for the Lexington Avenue bus when I realize that I am standing in a Tow-Away Zone. Further, there is no bus line that runs on Lexington Avenue. If so will someone lend me his black and white plates. I tell them that the only plates I have are glued to my teeth. When they offer to help me remove them (what pain!) and place them on my belt, we won't go into that.

9:35 A.M.

I walk to the 59th St. IRT station, after fruitlessly trying to flag down a cab. I would like to express my knowledge that it is impossible to get a cab in midtown unless you are wearing a down jacket or are willing enough to wave your arms frantically while doing the Tango in the middle of the street for a full 4 express. As we approach 23rd St. I realize that this express doesn't stop there, I switch trains at 14th St. and end up in New Jersey. (What the Hell is a Path train)! I've never been to Trenton (or Canarsie, for that matter) and was told it had floated out to sea in '56.

New English Department Chairman

by Carolyn Geraghty

For those of you who don't know. Department Chairmen are the "big boys" in their depart­ ments. They are elected by tenured department members and function as Chairmen for three years.

This fall, Prof. Andrew Lavender succeeded Prof. Potoker as Chairman of the English Dept. If you think you've spent too many talents, interests and potential abilities, Dr. Lavender does not feel that the abilities of Baruch students in terms of developing problems in University students' reading and degree in both. I realize that I was swimming in the East River and dissolved. I realized that I must have had some significance although I can think of nothing but that the Brooklyn Bridge was stolen in the middle of the night by a couple of crooks wearing black caps, but the support hose and saddle shoes over their pant legs.
