Budgets Freed

Budgets for the student clubs and organizations have finally been allocated. The breakdowns of the budgets are now available. A copy of these breakdowns will appear next week.

New Furniture

Seats have mysteriously but happily popped up within the halls of the 23rd Street Building. Hopefully they will remain where they are and not be ripped off by thoughtless individuals.

School Closed

School will be closed next Thursday and Friday due to Thanksgiving recess.

CIA-Interpol Cover Up Probed

By The National Commission on Law Enforcement and Social Justice

The National Commission on Law Enforcement and Social Justice (NCLE), in a Freedom of Information request to the Bureau of Interpol, has indicated that the CIA was operating with the CIA and that Interpol is not an intelligence agency. The CIA has been ordered to turn over all documentation on CIA-Interpol cooperation.

Prior to a Freedom of Information request to the CIA and Interpol, Chief Louis B. Stotter testified before the Senate Subcommittee on Justice. Stotter stated that the CIA does not work with Interpol. As the NCLE pushed the CIA to turn over data, Interpol has refused to disclose any information about the CIA's activities.

Interpol and the CIA have been working together to protect foreign interests. Stotter stated that the CIA does not work with Interpol. As the NCLE pushed the CIA to turn over data, Interpol has refused to disclose any information about the CIA's activities.

Swine Flu Day At Baruch

By JIM HEDGES

Last November 12 Baruch initiated a Swine Flu Vaccination Day. Vaccinations were given in Room 114 of the 24th Street Building up until approximately 4:30 P.M. In all, about 385 persons received the shot, the majority of which were between the ages of 18 and 24. Five Senior Citizens also showed up for the free medical vaccination.

One Student volunteers manned the tables to assist those wishing vaccines with questions concerning the process and how to fill out the legal forms. These students were very friendly and courteous to all and helped to lessen some of the people's fears about the effects of the shot.

The vaccine itself was administered by an almost Star Trek type of air compression gun containing tiny needles on the end.

Health Department workers actually dispensing the shot seemed to catch the apprehensions of those stepping up to get the vaccine as it was being administered.

Dr. Ron Aaron, one of the coordinators of the event, was quoted as saying, "We have a most excellent idea and I only wish we had more students who could have participated."

$1000 POETRY PRIZE

A grand prize of $1000 is being offered in a new poetry competition sponsored by the World of Poetry, a monthly newsletter for poets. In addition, there are special Cash and merchandise awards.

Says Poetry Editor Eddie-Lou Cole, "We hope to encourage new poets — even poets who have written only one poem."

For rules and official entry forms write to: World of Poetry, 801 Portola Drive, Dept. E, San Francisco, California 94127.

Cleanliness Is Next To Godliness

By CAROL CAMPBELL

In a recent interview with Mr. Fakas, Director of Campus Planning, it was learned that as of November 1 — all maintenance work was turned over to Civil Service employees.

Prior to this changeover, we had two contractors working for us. One private contractor, working on the 24th and 25th Street buildings, and Civil Service working on the 17 Lex and Student Center buildings. Because of the Renunciation Policy, City University was forced to make cutbacks in many services, including 40% of the cleaning services in Baruch College. Civil Service maintenance personnel in other universities had to be fired to meet budget. Their union would not agree to this and requested that all Civil Service contracts be terminated and to rehire their personnel to fill these new "job openings."

Another Swine Flu Vaccination Day is planned for November 12 from 12 — 6 P.M.
**Editorial**

**Why All the Fuss?**

The students in this school seem very concerned that the new corridor has been built between 360 and 46 th & 3rd Avenues. We, the Editorial Board, care about what is happening in the school, but we don't agree that the new corridor has been built between the years of 360 and 46th & 3rd Avenues. We have been following the construction of the new corridor for the past six weeks, and we believe that it is the best corridor that has ever been built in this school. The new corridor is longer than the old one, but it is also more comfortable and more efficient. It is also a better place to eat, with more dining options and improved seating arrangements. We believe that the new corridor has been built between the years of 360 and 46th & 3rd Avenues, and we encourage all students to use it.
