Former SDS President Claims Kennedy Assassination Was Domestic Conspiracy

By JIM HEDGES

On Wednesday, November 17, the Senate of C.C.N.Y., by a vote of 9-7, decided to suspend publication of the college newspaper, The Campus.

According to its decision, The Campus was accused of providing false information to readers and defaming the characters of certain individuals. The following day a letter was sent in care of the Senate by the vice-provost for student affairs and the vice-president for communications and public affairs. In essence, the letter stated that the Senate was violating BHE bylaws in not granting a fair hearing on the matter before their action was taken.

At the same time the Senate formed an eight-member committee to fully investigate The Campus which will report its findings by December 1, possibly resulting in the senate revoking the newspaper's charter, an action which would destroy it completely.

Friday, November 19, was expected to be The Campus last issue for quite some time. In her editorial of that issue, entitled "A Most Ludicrous Move," editor-in-chief Dale Brichta stated, "This paper holds the philosophy that people who complain usually do so because the paper's account is correct and accurate. The old adage of "the truth hurts" does, indeed, hold true." She went on to say that she would not recognize the Senate's indiscriminate lack of understanding of the workings of a professional newspaper, causing us to question their right to exist, as well as their claim to the power they wield. Or "don't wield.

On the same day as the newspaper's "final" issue came out, administrators at the college overruled the senate's decision and reinstated the publication of the paper, due to the fact that the senate ignored the rights of the students and their claim to the college overruled the senate's decision.

The old adage of 'the truth is the case concerning Garth Marchant, who was voted as editor-in-chief by the Borough of Manhattan Community College very recently because of his policies. Last Spring, THE TICKER did not publish

QUEENS INVESTIGATES

Embezzlement Case

The Student Activities Corp. of Queens College is investigating the possible embezzlement of student funds by members of the Italian Club. Although no outside charges will be pressed against these individuals, they may be prosecuted within the confines of the college. These persons allegedly defrauded the students intentionally by turning in gas station receipts and charging club checks and pocketing some of the money.

Newsbriefs

SOPH TEST STILL WAITING

In a conversation with Dean Selma Berrol, it was learned that although the CUNY system will institute a test to upper sophomores, it has not yet been decided when this practice will begin.

The test is basically an aptitude exam to filter out prospective juniors who are not yet capable of handling the upper class workload. The validity of such an exam is being questioned by outraged students throughout the CUNY system.

You Can Do It! Oil Filter

Replacing the oil filter is the modern age equivalent of cleaning the tiny sieve in the oil dipstick. The filter has a finite life and must be replaced at regular intervals. If the oil filter were changed after the oil had been in the engine for a year, most of the oil would be found trapped in the old filter. The oil filter is a filter designed to keep dirt out of the engine oil. The filter design is such that it can be made of a variety of materials that can trap dirt before it passes through the engine. If the oil filter were to become clogged, the oil would be unable to pass through the engine and the engine would be damaged. Therefore, it is important to replace the oil filter at regular intervals.

A Dictator At Baruch

Recently it has been brought to the attention of the faculty and students of Baruch College that the introduction of a resolution denouncing the firing of Commissar Enrique Rebozo had been postponed. This resolution was proposed in response to the firing of Commissar Rebozo, who was fired by the Cuban government for his alleged involvement in the Bay of Pigs invasion. The resolution was to be introduced at the Board of Trustees meeting on December 7, 1976.

The resolution was proposed by the faculty of the Political Science Department at Baruch College. The resolution stated that the firing of Commissar Rebozo was a violation of the rights of the Cuban people and that the Cuban government should be held accountable. The resolution was supported by the faculty of the Political Science Department at Baruch College and was expected to be supported by the students of Baruch College as well.

To the Baruch Community:

More and more I find myself coming to the conclusion that there is a basic flaw in the way that W.B.M.B. is run. The reason is that there is too much social control of the station. I think that the major reason is that it is in the interest of the station's management to keep the station at bay. The station is run by a collection of individuals who have a vested interest in maintaining the station as a profitable venture. I have no doubt that they are trying to do this, because they are trying to keep the station in existence. The station is not a professional one, and it is not a commercial one. It is a student-run radio station, and it is not a professional one. I think that the station is not a professional one because it is not a commercial one. Simon And Harrison

Two weeks ago on NBC's "The Tonight Show," Simon and Garfunkel were at their peak. Simon and Garfunkel, who are expected to be one of the major attractions when the 6th annual "Night of the 100 Stars" is held here about a year and a half ago (when their special guest was Harrison). Simon and Garfunkel, a show that proved to be a musical delight.

The show had a rather pleasant mixture of good natured jokes, playful banter, and the occasional musical refrain. The musical number that best summed up the evening was "The Boxer," a song that was sung in its entirety by Simon and Garfunkel. The song, which is about a boxer and his life in the ring, was sung with such passion and feeling that it left the audience breathless. The rest of the show was filled with similar musical numbers and humorous skits. The overall result was a night of entertainment that left everyone feeling satisfied.

Letters...

Dear Reader:

I have just returned from a trip to Europe and I must say that I was greatly impressed by the beauty and culture of many of the cities we visited. I have always been fascinated by history and art, and I was able to see many of the famous monuments and museums that I had only read about in books. It was a wonderful experience and I look forward to returning soon.

Sincerely,

TWO RACES FOR TURKEYS

The Turkey Trot, contested in the Armory on November 23rd, produced a male and female winner, four recipients of turkeys, six finishers from the original twelve hopefuls, and utter chaos. This year Ramon Toribio went wire-to-wire to easily capture the men's mile in 5:15.7. Lenny Donner (5:25.9) outgamed Kevin McCarron (5:26) for the place. Charles Rothman (6:02.3) staggered in last.

Linda Fisher exhibited her all-around athletic ability — she's a member of the women's basketball and volleyball teams — in taking the ladies' half-mile in 3:17.8. Frank Solkoff also won a turkey. The first two finishers in each division were awarded a large gobbler — with her 3:30 performance.

Fortunately, the funeral plans arranged for each runner thirty minutes after the races have now been cancelled.

LADIES, PICK UP YOUR RACQUETS!

To play tennis or not to play tennis, that is the question every woman student should be asking of herself and each other. Intramural coordinator Bonnie Kloc is willing to organize a ladies tennis tournament, but only, as she said, "if enough women sign up." Enough may be considered as at least sixteen, a far cry from the lonely quartet who have already indicated their desire to play.

Ladies: the men have started a 44*-player tournament. It's open to the public:

TOUCH!

The men's and women's fencing teams open their seasons tomorrow in a dual meet against the Columbia College during the month of May. Apparently, the members of the Student Senate at that time were aware of the fact that the election was not being held.

No complaints or concerns were registered to the Office of the Dean of Students, and the election plans. This would have been the most productive time for committee members to raise questions and contribute suggestions.
