Candidates Contemplate Crack-Pot Candidacies

By GLEN SPANEGELDSH

The Early To Mid Afternoon Session Student Government will hold elections some time in February, 1989. The candidates from the USSR party (United Students for Social Revolution International) are Wilson Sham and Susan Mathew. The candidates from the NRP (Non-Existing Party) are Jonathan Strain and Scott Butt. When asked about his plans for the ETMASG, Presidential candidate Sham says, "What?"

When asked again, he says, "Could you please repeat the question?" When asked a third time, he says, "Oh! Well, we want a new entertainment system for the office, of course. With a giant-screw PPV. Not rear-projection, though. And I want to expand our line of clothing. ETMASG erotic underwear will come with a free gasoline-powered motor." Jonathan Strain is confident.

Rabid Reptile Eats Editor

By VLADIMIR O. HOLTZ

Yesterday a rabid reptile devoured The Tickler Arnie editor, Glen McSpacle, in the fifth floor cafeteria at 360 Park Ave. So., according to eyewitnesses. The reptile, an unidentified 10 foot female alligator, fell through a hole in the ceiling left by workers during the asbestos clean-up project last October, and devoured McSpacle's editor, Glen McSpacle, who was eating a peanut butter and jelly sandwich at the time he was taken off guard, according to eyewitness Sophomore, Liz Erd. "I saw the whole thing. The alligator chased Glen around the table snapping its jaws. Glen quickly grabbed a plastic fork and tried to stab it but it didn't work."

Biology professor, Igor Joona continues, "Like this mondo huge alligator, man, like swished its tail and like Glen TOTALLY wiped out. It was jammin dude!" Cafeteria worker, Newt Smith.

BARUCH COLLEGE, N.Y. — Wayne Draino was chosen yesterday as the president of Baruch College following the sudden resignation of President Jonathan Livingston Seagull. Draino, a self-involved roving artist and comedian was picked by a City University of New York committee out of a field of six because he would "give things up a bit," said Tip O'Murphy chairperson of the Board of Trustees. Seagull resigned last week to join a survival outfit in the potato fields of Idaho because "The F***ing world is ending and I'm not going with it!" He and his wife are on their way to Idaho in a Winnebago and couldn't be reached for further comment.

At the ceremony which will usher in his reign, Draino plans to have his friends set themselves on fire, rip off their clothes and roll naked in front of the Board of Trustees and Mayor David Dinkins. His first official act in office will be to hire a personal secretary who will be in charge of his erotic entertainment. "I'm paying her a hundred bucks an hour."

Next he will institute a dress code for all female students. According to Draino all Baruch women must look like Cher in her latest video. "34 of every tit and ass has to be hanging out." When asked about the male dress code Draino responded, "I don't give a f***."

Class schedules will remain the same said Draino, except that students and faculty must smoke copious amounts of marijuana before entering each class. "I saw it in a book once called 'Who Needs a Brain Anyway' by J. Danforth Quayle. Great f***ing book, man. I live my life by it." Adding, "You have to smoke pot otherwise you just can't deal with the f***ing assholes in this world."

A new course, however, will be added in the Philosophy Department, Target Vomiting 1000 for all entering freshmen. President Draino himself will be the sole instructor. "I poke therefore I am."

As for the proposed tuition increase now facing CUNY, Draino has a simple solution, "I say we f***ing torch Albany and sacrifice Cuomo to the Gods of Valhalla."

The new president proposes to rename the student center at 22nd St., the Turner-Cooper Recreational Center because billionaire and tv mogul Ted Turner and rock star Alice Cooper are his two idols. I've been looking for the middle ground all my life and I just can't find it. So I said f*** it."

According to Draino he plans.

CONTINUED ON PAGE 2
Wayno, Wayno, He's Our Man

We must complement the CUNY Committee for selecting Wayno Draino as president of Baruch. We've seen several presidents come and go but we've never seen such a qualified person in this position. No one person has ever been an artist, comedian, filmmaker and the president of Baruch. Someone with so much talent should shoot for a higher status but we won't complain because we think he's a radical dude. He has more cool in him then Bart Simpson will ever dream of. He blows away Al Bundy with only one shoe off and he has more brains than Doogie Houser. Such a man will give the school a great reputation. People will line up all the way to the Pink Pusycat just to get a glimpse of his battle axe. At the Pink Pusycat they'll probably be able to find better toys but they'll still wait to check out his powerful manly tools. We're telling ya, traffic in the streets will be backed up all the way to Cleveland.

Besides bringing Baruch publicity, he'll also raise student morale. If he continues to live his lifestyle, he'll get students partying every night. He'll fly in exotic whores from all over the world. Baruch will have the biggest gang bangs since ancient Rome. Students will feel less stress and enjoy going to class more since they'll have something to look forward to at the end of the day. It might cost the school stupid dollars but look at this way, with out entertainment future enrollments will decrease. Moreover, our analysts tell us that if we spend money on whores, we'll eventually turn a profit by 1997 because enrollment will probably triple every year. We're telling ya, this man has brains, no one could make money for the school except for Wayno.

Glen Rex McSpackle, lifelong resident of Eaten Heights, Queens died yesterday a reptilian prey. (See accompanying story) He was 23.

McSpackle, a Baruch student, would have graduated in May. He majored in Journalism, with the ambition of pursuing a career in reporting. His Artistic editor of The Tickler this semester. "We will miss him... said Rafael A. Martinez, Editor-in-Chief of The Tickler.

Throughout college, Glen worked at Greco's, a local Go-Go bar as a dishwasher, with his best friends, Stu RoboKun and Klutzie Kramer. "We'll be lost without Glen now; we used to use him as a lock pick."

McSpackle's only life achievement was receiving the Silver Skeleton Key Award from the United Society of America for service above and beyond the call of duty. He also won the scholarship of being in the ninth grade.

"I'm saddened by his death," lamented Ref. "But dammit I told him to stick to the Salamanders, those alligator chubs will eat you up."

McSpackle is survived by his pet bats, Frick and Frack, Shikky, his box constructor and Puff, his tarantula. As requested in his will, memorial services will be held on Saturday in front of the Reptile building at the Bronx Zoo.

Reptile

adds, "The specimen was perfect. Glen had a minute chance of survival. The alligator unhappily snapped Glen in half, excising minimal effort. It was clean and quick, and over before we even knew it. I was as awe of the beast's flawless finess.

Hiam O'Blivious, director of Security stated, "We have never seen the reptile in question before, we don't know how the alligator got in. The guards checked for I.D. as she left. Glen's I.D. was presented so we have reason to believe that she is not a Baruch student, but that Glen was secretly dating her. She was behaving in the library, a Sparrow lover would in reaction contact Hiam O'Blivious at Baruch College.

Draino

to have a great deal of free time. For recreational purposes he plans to pick students at random, throw them into fire pit and film it for what he calls "prosperity."

Draino is very pleased with his new office which contains a full bar and bath. "Party!

Currently he lives in a basement in New Jersey filled with his paintings, toy figures, pictures of women in bondage, leather whips and of course his trusty battle axe. (see photo) "It got used (as) in a novelty store. The guy bought it for 50 cents on my forehead and sold it to me."

Anyone interested in speaking to the president on this front please leave a message with his office. "I'll get back to you if I ***ing feel like it!"

Quotes of the Fortnight

"I Puke therefore I Am."

President Wayne Draino

Candidates

in his ability to win the election. He will promise what he calls "negative tuition."

"Baruch will pay students $100 for every class they attend," he says. Scott Butt, his running mate, disagrees about the best strategy for winning. He says, "Baruchians have to get angry! About what? Oh, I don't know, but we'll think of something."

Both Strain and Sham have expressed concern about the prospective candidacy of Hel­lenn Mozzerella. They claim that as a non-human, Mozzerella is not eligible to run under the current ETMASSG constitution. However, neither Strain nor Sham can substantiate the claim as they have not been able to find a copy of the constitution or anyone who has read it. Hellen Mozzerella is a freshman at Baruch, and she is a 12 pound Spider Monkey who has recently learned sign language.

When questioned about her eligibility, Mozzerella says, "Hellion run. Hellion Hellion good run." Mozzerella has an unusual platform; when asked what she can offer Baruch students, she says, "Orange. Yummy good. Orange orange. Flower pretty pretty flower. Pretty pink pretty pink pink pink pretty flower."

If allowed to run, her Vice-Presidential candidate will be "Ace," a well bred cat belonging to Baruch alumna John Greco.

On the subject of this year's elections, Baruch president Jonathan Livingston Seagull has this to say: "Once again, we have come to the end of an academic year at Baruch, and one again Baruch students are faced with the decision of who will run this school. I have the utmost confidence in our students' ability to... hey, ***this. You know what? I've ***kin' had it. I bust my ***kin' hump every ***kin' year, and what do I get? ***kin' students protesting a fifty buck increase that isn't even my ***kin' fault, when the rest of the gdammm country is paying ten thousand a year in m********m tuition, and all these gdammm m********m students calling me names... You know what? I don't ***kin' need this. I'm ***kin' retiring."

Radio Station Installs Carrier Current System

By STEVEN SCHEER

Plans are being finalized to install the carrier current system of broadcasting at WMBB, Baruch’s student-run radio station.

When implemented, Baruch College students and faculty will be able to pick up WMBB on 590 AM within all school buildings except at 111 East 18th St. building. Since the carrier current uses electric wires and not a broadcast signal, it is unlikely that students will be able to pick up WMBB outside any of the buildings.

In the late 1970’s and early 1980’s, WMBB was operating on the carrier current system but due to lack of funding and old equipment, it fell into a state of disrepair. The equipment used then is too antiquated to be used now.

According to WMBB’s general manager, Craig Lopez, “we came up with the idea to reinstate the carrier current system two years ago and tests were performed to see if it was technically feasible” but it was too expensive for the school to fund at that time.

Financial Aid for Foreign Students

The City University of New York is offering foreign students a chance to obtain financial aid through the Evening and Graduate Student Services Office at Room 527, 41 Cooper Square, New York, New York 10003-3591.

SPRING BREAK IN DAYTONA BEACH

The Convention and Visitor’s Bureau is sponsoring a Spring Break package which will include a room at the Tropicana for $35 per night through March 14. For reservations, contact the Convention and Visitor’s Bureau at 1-800-854-1234.

BWCW could run on $15,000 a year...but not with our inefficienct.

To get the required work in the near future, Lopez says that the BWCW must have a budget. He says that the BWCW could run on $15,000 a year, but he doesn’t believe that such funds are available. In a recent decision, he noted that "...our first priority is carrier current and then comes money for equipment.

Radio Station to Broadcast

Lopez attempted to secure outside funding through fund-raising efforts. However, he was unsuccessful. As a result, the BWCW has been unable to secure funding through fund-raising efforts. In a recent decision, he noted that the BWCW could run on $15,000 a year...but not with our inefficiencies.

Library Conservation

The Night of 1000 Books, scheduled for April 20, in New York City sponsored celebration of the National Library Week. The event will be marking its thirty-third year. The event will feature a viewing, an event designed to encourage the conservation of books.

Dear Reader,

I am writing to offer my support for the PS/2 computer system. I believe that IBM's PS/2 is an excellent choice for students and professionals alike. The system is fast, reliable, and user-friendly. I have personally used the PS/2 and found it to be an invaluable tool for my work. I strongly encourage others to consider the PS/2 for their own needs.

Sincerely,
[Your Name]
IT IS WORTH $5.00

There is a petition being circulated in an attempt to gather 900 signatures in favor of a referendum to raise the student activity fee by $5. If the petition succeeds, we will vote for the referendum at the student government elections on May 1 and 3.

You might think that this is all you need to know; if someone asks you something about the referendum for something, say "No right?" Well, it's not quite that simple this time. Of the $5, $1 would help expand dissipation services, $1.50 would go to multicultural events, and $2.00 would help to establish a resource center for students with children. These are small amounts to desperately need these services.

It may seem to some of us that these programs would not directly benefit us in any obvious way, but as Baruch students and as human beings, this should not be our only concern.

TUITION IRONY

The proposal is at Cuomo's desk again for all students and faculty members to make his decision. Images of the fiery anger that swept most CUNY means a small chunk of the American with children. These are small amounts to establish a resource center for students abled student services, $1.50 would go to it's not quite that simple this time. Of the $1.2 and -3.

TUITION IRONY

What students and faculty members he does not veto it tuition will be

The proposal is at Cuomo's desk again

"I would say 99 percent of the issues have been agreed on"

GODSPELL Performers Gearing Up
For April 18th Opening

By GLEN SPANGLER

Meet some of your fellow Baruchian students who will either perform in the play, or whose artwork, costumes or stage design you will see in the play, Baruch's version of GODSPELL.

Billy Bunche
D.O.B./Age: 1-4-67 23 years old
Role: Jesus
Intended major: Advertising
Career plans: To eventually produce, compose, perform and arrange my own recordings. To direct my own videos and to write and produce my own films. In other words, a superstar.

Plays in theatre or acting in the future? Yes, by starring with music videos and eventually greasing into feature films and Broadway.

Anything to say about GODSPELL? I looked back, that's why I saw the show. And I love it.

Ernest Ta
D.O.B./Age: 6-30-70 19 years old
Role: John the Baptist/Matthew
Intended major: Ad Hoc Theatre
Career plans: I plan on either working in or establishing a theatre of my own, doing "innocent" productions outside of Baruch (Lamb's Theatre). I don't know what I'm doing, whether I'll be acting, designing, directing, producing, composing music, etc., etc., or if I'm sticking to all aspects of theatre to find my "niche."

Plays in theatre or acting in the future? Yes, I just said that in the previous question, Glenn! Can't you read?! But seriously, Glenn, you know I'm involved with everything in the theatre!

Editor's note: I spelled my name with an "e." not a "u."

Anything to say about GODSPELL? The show will surprise those who come through theatre" (much like the previous question, Glenn!)

Theatre or acting in the future? Yes, I have learned so much in my theatre experience, in order to further my interest in the theatre.

Anything to say about GODSPELL? This has been a difficult yet rewarding endeavor. I really enjoy acting, so I was looking forward to being in this play. With a lot of work, cooperation and a little luck, I foresee quite an excellent production.

Elizabeth Reitano
D.O.B./Age: 10-17-69 20 years old
Role: Mother Teresa
Intended majors: Pre-med Biology, Chemistry
Career plans: Veterinarian Technologist
Plays in theatre or acting in the future? Yes. Neighborhood activities or school.

Anything to say about GODSPELL? I'm enjoying and making new friends. I love it.

Marc Schulteis
D.O.B./Age: 10-22-71 18 years old
Role: "Tough guy"

Intended major: Accounting
Career plans: Work! Hopefully go to school the rest of my life.

Anything to say about GODSPELL? It's very different than any other musical that I've done, but I love it, it's great!

Andrea M. Williams
D.O.B./Age: 1-26-69 21 years old
Role or job: Sophisticated Mother Type
Intended major: Advertising
Career plans: I plan to seriously pursue a career in Gospel singing. Singing is such a wonderful form of expression and music in general has a powerful influence on people.

Plays in theatre or acting in the future? I'd love to be involved in more plays, especially those in which I'd have an opportunity to sing. What better place to start than here at Baruch, and there's no better time than the present.

Anything to say about GODSPELL? I think it's going to be very enjoyable. We're dealing with some very talented people here. We're taking a very popular play and doing it "Baruch style." I'm having a lot of fun and I'm glad I'm a part of it.

**Carrie Larrier's MUSICAL NOTES**

**Peace, Love And Soul...**

This week's column was inspired by Carrie Larrier's recent visit to England. Her experience was truly enlightening, and she returned with a renewed appreciation for the musical style that has come to define the British sound. The atmosphere was electric, and the energy was palpable. The audience was captivated, and the performances were outstanding. Carrie Larrier is known for her energetic and engaging writing style, and she never disappoints. This week's column is no exception. Read on to learn more about Carrie Larrier's recent visit to England and the music that inspired her.

An Interview with a "Young Rider"
Talking to Rainwater

By AMY LAU

On the Adams Brothers series "Young Riders," Gregg Rainwater portrays Buck Young, a buccaneering, mischievous and rebellious youth, who is the youngest member of the Young Riders. Greg is insightful and alert in the stereotypical ways of the 23-year-old actor, and he understands his character's amoral instincts. This was a decision made while casting his role, as the boys were marooned on a Caribbean island. It is an analogy on the dangers of modern society. Without addressing these symbolic references, "Lord of the Flies" ends up looking like the after-thought it is meant to be.

Unfortunately, director Harvey Hock and screenwriter Andrew Bunker failed this film, and instead dealt us a watered-down version of the novel. The Lord of the Flies was first published in 1954. The first is directed by Peter Brooke. On the surface the Lord of the Flies portrays the influence of society on the schoolboys marooned on a Caribbean island. Without addressing these symbolic references, "Lord of the Flies" ends up looking like the after-thought it is meant to be.

Intended major: Business Administration

The cast is excited to be part of this production and is looking forward to sharing their talents with the audience. The show opens on April 16th and runs through April 27th. Join us for an unforgettable experience!
Get Yer Rocks Off By David Borg

Well, now that the '80s are no more than a mere flit-
away memory, I'd like to take a look at some of the tal-
ents that made the decade's headlines. So sit back and enjoy my 80's
review!

1) Guns-n-Roses Appetite for Destruction: Words cannot do jus-
tice in describing this album.

But try this on for size: over 10 million sales worldwide for their
DEBUT album.

2) Raging Slab: The dawn of the new decade, back in
the days of Molly Ringwald and semi-mature emo-
tions, was ignited by the Purple Perfor-
In a few short years The Purple
performed a veritable and atmospherically
explosive as they did on their
previous disc.

3) Metallica: The first release of a
catalogue: "The Speed of Light." The band
just can't get better! "Metallica" any album in their
history, from his motorcycle ac-
cident on national TV is the least of the
problems. But try this on for 'size' over 10
million sales worldwide for their
first album and it's still going strong.

4) Aerosmith & Guns-n-Roses
5) Ozzy & Metallicas
6) Deep Purple/Perfect Stran-
da band in existence (including the
Stones).

But try these! In the coming
months the world will see and hear
the new bands of the new decade:

5) Ozzie of course, back in
the day, and now he's
to sign on to a major name tour as
Ronn, throw your potato peeler
outside! Babylon A.D. has the atti-
tude to make it. He's a dink-
quent. He's a dreamboat.

The band is currently touring
"The Kid Goes Wild," which features a guest
appearance by Sam Kinison.

And we mustn't forget the
ex-Styx player Tommy Shaw has
departed from Guns-n-Roses unless
he is permitted to do a solo project
once merrily mentioned. Joe Lynn
Terry has joined Deep Purple. Will
he record a new masterpiece of
his name to reach the same
heights? Watch for another former Rainbow
voice-over the name of Ronnie James Dio to be releasing a new
album soon... Ted Nugent and
his "The Bells" and "The Kid Goes Wild"
are great albums. Get them!

The band's new, young
powerhouse lead singer --
Vince Neil of Van Halen, what was
he thinking when he
joined the band. Rondell

VOLLEYBALL TEAM SOARS TO 20-9 RECORD

By MICKEY KRAMER

Baruch's volleyball team continues to surge towards a CUNY crown. With five wins in their last seven matches, the Statesmen raised their record to an outstanding 20-9.

The streak began on March 7 against Mt. St. Vincent. Three straight sets made for an easy victory. "They were really bad," said hitter, David Brosh.

Two days later Baruch stunned Queens College in another three-setter. Southampton was the next victim. The Statesmen won their ninth consecutive set to beat Hampton in three games.

The winning streak came to an end against Hunter on March 14. They lost in four games. Baruch was undefeated at home until this loss.

After a tough performance at the New Paltz Tournament, the Statesmen continued their winning ways with two more victories. Baruch defeated Yeshiva in three games and then had a tough five-setter against Jersey City State.

Barber, Ray Tran said this about the team: "We have a lot of well-rounded players. The competition wasn't that great. We should be 25-5. King Lee, as a freshman, has contributed better than anybody. We're glad to have him."

Two days later Baruch trounced Queens College in another three-setter, David Rosado. "They were really bad," Eric Sotomayor, a back-court hitter, had this to say. "We have all the basics. We have more depth than anyone. Also, we enjoy being around each other. We like being friends off the court."

Southampton was the next victim. The Statesmen won their ninth consecutive set to beat Hampton in three games.
