CUNY Tuition Set To Increase Again

By Farah Gehy

Tuition at the City University of New York and the State University of New York may increase as much as $500 if Mario Cuomo's latest budget proposal passes through the state legislature.

Dipti Gosalia, a junior, expressed her ideas on this matter. "This is downright ludicrous! When I first began college the tuition was about $675, now it's up to $1,000. Three years ago that could have paid for an entire year's tuition instead of a semester's."

The tuition increase would come because of the prospective budget cuts that CUNY faces. The anticipated new fee would be $2350 a year.

Cuomo's budget plan proposes cuts in school aid totaling about $240 million. Rita Rodin, the Director of Public Relations for CUNY, has said that the "University may face cuts by about $74 million." Rodin went on to say that "one way to make it up is to get tuition increases." This means that students may have to face a $500 increase. But even the $500 tuition increase would not cover the $74 million gap in CUNY's budget. Rodin approximates that even with the increase there still would be about a $20 million deficit.

Michael Zavel, vice president of administration at Baruch, stated that there may be an alternative to the hike but that it may not be as appealing. The alternative would be to install "drastic reductions in expenditures instead of raising the tuition." But the tuition, he says, would be left up to the CUNY Board of Trustees.

Zavel justified the hike by saying, "In order to cut CUNY costs it will require an increase in reduction from other institutions." Therefore other institutions, which may be as important as education, may face the burden of relinquishing desperately needed funds.

Many students are feeling enraged by this newly proposed tuition. If the Governor's budget is passed this new increase would be the third increase in the space of two years. Some students have expressed their feelings on the matter.

Lavonda Davis, president of the Day Session Student Government, stated, "I was devastated but not surprised. The cuts and hike will affect us."

Shruti Patel, a junior also said, "As it is already a lot of classes are closed. Why should we have to pay more for less? What the hell are they expecting us to pay for?"

Last year's memories may be this year's realities as the new semester continues.

Ahmed Lavalais, a freshman stated, "If city school students are supposed to be for the benefit of the underprivileged, why are they raising the tuition making it harder for students to go to an education?"

Rodin has stated that "students and administrators are left up to the legislators to know how they feel about the hike."

The Rise

The DSSG planned for the trip to occur after the day after commencement. Ayman said that when DSSG had met to discuss the trip, its members had outlined plans without explicit knowledge of the trip's legal and cost implications and therefore the College would not sponsor it.

The DSSG planned for the trip to occur after the day after commencement. Ayman said that when DSSG had met to discuss the trip, its members had outlined plans without explicit knowledge of the trip's legal and cost implications and therefore the College would not sponsor it.

Aylman noted that the DSSG had always subsidised a Senior Party. However, a Senior Trip would be attended by fewer students. He said that if the trip took place, the DSSG would spend a considerable amount of money on only a few of the students it represented.

New ID's Cause Unforeseen Problems

Because Baruch's new identification cards lack validation stickers, some students have found that cultural institutions will not grant them discounts.
Share Your Success.

Student peer assistants play a vital role in helping students at Baruch succeed. By serving as freshman seminar leaders, peer counselors, peer advisors in curricular guidance or student health advocates, peer assistants have the opportunity to offer advice, support and encouragement and act as liaisons between students, faculty and administration.

Become a peer assistant and develop skills that will complement your educational and career goals while building a better Baruch community.

Resumé Workshop
The Placement Office of the School of Liberal Arts and Sciences is offering a Resumé Writing Workshop on Thursday, March 11.

The Workshop will be held in Room 1104, 11 East 22 St.

This workshop is open to all students. For more information, stop by the PALS Office (Room 1504) or call (212) 387-1370.

Increase the Peace Corps
Mayor David Dinkins' office has created a new volunteer program for New York City called "Increase the Peace Corps." SCPs in the Peace Corps offer a $2,000 stipend and volunteers will receive significant training in the areas of community organizing, conflict resolution, and cultural sensitivity. They will develop a series of projects that build bridges between ethnic communities.

Inquiries are invited to send one or two original poems of up to 30 lines on any subject.

Send to: Western Poetry Association PO Box 49446 Colorado Springs, CO 80944-4946 The Western Poetry Association is currently publishing a poetry book entitled, Voices of America.

Jewish Club Name Change
The Baruch College Hillel Association has officially changed its name to the Jewish Student Alliance. The change was made to reflect the group's more self-identified, and in better touch with affiliated Jewish students on campus. The club sponsors regular events. Upcoming events include Torah classes, public speakers, and holiday celebrations including a Hannukah party on Thursday in room 304 of the Student Center Building.
that they have traditionally received with their ID cards.

"They could always question whether you’re currently in school or not," said Rowland College. "We realize that we have a problem, " said Ray Mohamed, a junior associate dean of students. "We will probably issue some type of validation sticker. In the meantime, if a student visits a museum they could take their bursar’s receipt with them."

Other students had different ideas about their cards. "If you don’t have to renew it, I wouldn’t have to stand on another line every time I register," said Ray Mohamed, a junior.

On the other hand, "If the US under validates every term, any person or an un-Borough student could use it and take advantage of Borough services," said Alice Wong, also a junior.

"They could always question whether your currently in school or not," said Carl Kirschner, director of student life. "We realize that we have a problem," said Ray Mohamed, a junior associate dean of students. "We will probably issue some type of validation sticker. In the meantime, if a student visits a museum they could take their bursar’s receipt with them."

Other students had different ideas about their cards. "I wouldn’t have to stand on another line every time I register," said Ray Mohamed, a junior.

Due to the tragedy which occurred at City College on Dec. 28, in which eleven people were killed in a rush of spectators after the tragedy, said Aylman, "we should have sued (Rosen) for putting my life and everyone else’s life in danger." He faulted Keizs with calling a USS meeting at Baruch College last fall, at which LaMarre says he was threatened as he attempted to leave the building. Several Borough students interviewed said that the University’s Office of Student Affairs continues to handle their complaints.

Tuition Hike III: The Story That Wouldn’t Die

Jannet Urbinas, Michael Mayson, Freddy Kruzer. George Bush. And now, coming once again to terrorize students all over the City, yet another tuition increase proposal.

I am sure we have all heard this story before. But we must do it in a way that does not promote a twofold. We must report the strife at the risk of losing students.

This year, we will raise $500 again. It has been since the fall of 1990, when it was $1,250 a year. If tuition is raised $500, as is almost certain, we can expect to make more cuts without serving the students’ interests. If students do not receive here?

We must respect each other’s opinions and, more importantly, understand that there is a lack of information and an outlet obligation.

But we must do it in a way that does not promote hatred. We must report the strife at the risk of losing students. We must respect each other’s opinions and, more importantly, understand that there is a lack of information and an outlet obligation.

1. It is those who refuse to accept the DSSG’s and the students of Baruch for a tremendous wedge between the different communities on campus.

2. The drive is over, so those who still wish to go.

3. That is the problem and it will not go away by being ignored. That is the problem and it will not go away by being ignored.

4. President Matthew Goldstein

Do the smart thing: make one of them a pastime in your local TI retailer.

By Rafael A. Martinez
College campuses across the nation have been the focal points for an alcohol consumption and a decrease in the use of other drugs such as marijuana and cocaine. It is no surprise that one recent article in Time magazine. But drinking on college campuses remains at a constant level for the past two years with a slight increase in the amount of drinking.

This has been attributed to the fact that students not only drink to be socially recognized, at the Student Center, for some who used to drink the most have attended the colleges and that student rules are controlling the drinking of their members in the club rooms.

Carl Aylman, director of student life, who oversees the Student Center, stated "Baruch's policy has been that drinking was not permitted...

...part of that development means the learning of how to handle alcohol. It also means making sure nobody abuses it..."

...campus except as authorized social function. The BA II PLUS™ has been set up in response to the change in the drinking age laws during the 1980's. The degree to which drinking on campus has increased over recent years. A number of factors such as the amount of time the Student Center staff is available to check for drinking, said Aylman. He also stated, "Periodically, because of events on campus, we have to spend more time setting students in... that is an issue in drinking is a regulatory phase because something has happened that..."

...school, students have struggled with drinking for a number of years. A student was recently arrested for drunken behavior. He was locked out by his friends to drop out. Aylman thought that was a dangerous situation. He went to the Student Center and threw up and choked on their own vomit, we would wonder, a student drinking on the mat. Looking at a student in that room and wonder how deep off the drinking binge. That incident led to a crackdown on the drinking in the according to Aylman, said that the drinking binge at the Student Center is a seasonal thing when the students go off campus outside during the warm months and then bring drinks inside during the warmer months. He said that the daily garage output supports this because there were more beer bottles in the Student Center than during the summer months.

He said that the school allows drinking at certain social functions. The reason we permit it at social events is because part of the social interaction is to take one of the college rule in a bar. We are supposed to be a caring, nurturing, supportive environment for each other. The whole idea of the college rule is for students to take their responsibility as part of the social environment, part of the social interaction that makes this learning how to handle alcohol and how to make sure nobody abuses it...

The effect of the latter club, in which the drinking in the school and "Baruch, drinking has stayed in the Student Center, that's where we want to drink and to drink legally...

...time to drink, have students drink where they can. The Student Center has the only place and we had a couple of incidents where students tried to get in...".

...time is for students to take their responsibility as part of the social interaction that makes this learning how to handle alcohol and how to make sure nobody abuses it...

"The effect of the latter club, in which the drinking in the school and "Baruch, drinking has stayed in the Student Center, that's where we want to drink and to drink legally..."

...and we also have the opportunity to make sure that students keep their responsibilities. We have the right to make sure that students are not getting out of hand, he said...

...try to...try to make sure that students are not getting out of hand, he said...

...make sure that students are not getting out of hand, he said...

"We watch out for members, we have a staff of on-duty first year student, who people who are out drinking check and make sure that they don't drink on campus, we..."

...try to...try to make sure that students are not getting out of hand, he said...

...make sure that students are not getting out of hand, he said...

"We watch out for members, we have a staff of on-duty first year student, who people who are out drinking check and make sure that they don't drink on campus, we..."

Baruch Basketball Team Knocking Down Giants

By Eric Grossman

There are many reasons why Baruch athletic teams are not as successful as other schools. Lack of facilities, no campus and scheduling difficulty, just to name a few. But don't tell that to the men's basketball team, because they won't listen.

Coach Ray Rankis is pleased with his squad's 11-7 record, 5-3 in CUNY. "At one point in the season we were 6-2 and then we went into a bit of a mental slump. We lost our confidence and the best cure for that is winning," said Rankis.

The Statesmen's season has been like the story of David and Goliath. All year they've been squaring off against bigger and stronger teams and knocking them down to size.

A brief recap...

Dec 10- Baruch's biggest victory of the year. They outgunned the defending CUNY champs, Hunter College, by the score of 76-71. It was a spectacular game and much hit 2 free throws with 9 seconds left to seal the victory. Hunter is currently 1-4 and have not lost since. The Statesmen were led by Kirk Davis, who had 23 points and 8 rebounds and DerRon Holmes, who chipped in 20 points.

Jan 5- Baruch traveled to Rochester to play in the RIT tournament. They faced the host school in the opening round and lost 84-65. Davis and Holmes combined for 29 points. In the following round of the tournament, Baruch faced Messiah College and if the season has had any low points, this was it. The statesmen got beat 74-62.

Jan 8- The Statesmen took all of their aggression out on Yeshiva College, spanning them 75-57. Davis led all scorers with 17 points. Point guard Jimmy Reaves had a big game with 16 points and 9 assists and Chuck Daniel grabbed 9 rebounds.

Jan 8- A setback loss to York College 70-53. Freshman Sel Lowe, had 22 points and 13 rebounds.

Jan 13- Baruch outgunned Green Mountain College 78-69. Kirk Davis, was one a man show registering 14 points, 11 rebounds and 5 assists.

Jan 18- A nice league victory against City College 86-75. Sel Lowe poured in 19 points. Chuck Daniel put in a hard days work scoring 18 points and grabbing 13 rebounds.

Jan 17- Two steps forward and one step backwards, as the Statesmen fell to Old Westbury 88-79. Holmes and Reaves each scored 17 points.

Jan 22- Another CUNY game, this time over Lehman, 55-55. Baruch was sparked by the play of newcomer Terry Bell, he was a freshman student. Bell had 11 rebounds and reserve guard Cecilio Freeman scored 14.

Jan 24- A game that got away. The Statesmen fell to Medgar Evers, 62-78. DerRon Holmes and Terry Bell combined for 40 points and Reaves handed out 7 assists.

Jan 27- Another monster victory, as Baruch beats The College of Staten Island, 76-71. The Statesmen were paced by Bell's 17 points and Reaves' 16 assists. The story of the game had to be center Chuck Daniel. The team captain had a Dr. Jekyll and Mr. Hyde performance, with just 2 points and no rebounds in the first half. He finished the game with 12 points and 8 rebounds.

The team suffered a setback when center Victor Gcjeq decided to quit the team for personal reasons. When asking coach Rankis the reason for the teams success, he points right at the players. "At times the guys were getting too concerned with their winning time and point totals, but they've adjusted well and now they feel comfortable," he says.

When pressed to mention a few standout players thus far coach Rankis mentions, "Kirk Davis has done a very nice job. He's our leading scorer and is second in rebounds. DerRon Holmes is a defensive gem, doing a brilliant job. Tim Leary has given us a nice boost. He scores, blocks shots and rebounds. Sel Lowe has had a nicely.

Riddle of the Week: How could the N.Y. Mets give catcher Carl B. E. Milton a raise, after he hit just 185 last season?

I guess they're paying him in Russian currency.

Now that I think about it, the Yankees made a good deal when they traded Doug Drabek to the Pirates for Rick Rhoden. Rhoden retired years ago after he got hit so hard the infielders began to wear chest protectors and face masks. Drabek has since become a star. He's a Cy Young Award winner and pitched his team to two consecutive division titles. Doug gets paid a few million dollars each 20 game winning year while Rick now costs the Yankees nothing. Look at all of the money the Yankees have saved by making the deal.

The Statesmen are on the road to becoming a better team. It's true they have no starting pitching. Don't be for one minute that the Perez brothers, Tim Leary and company will just be a formable staff. Offensively the team is young and talented and hopefully the pitching will arrive somehow.

Eric Grossman's Column

Buchanan would be moved to shooting guard, so that he could be sit. Where did they recruit him from? APEX tech.

The outcome of the Super Bowl should not surprise anyone. All year long Buf-falo had a ton of trouble winning on the road. They lost at F.CC. and New En gland and that was just get by the Jets, Raiders and Tampa Bay when they played them on the road. Buffalo is a talented team with too many individual players. During the weeks that lead to the big showdown, how many stories did you read where Jim Kelly, Thurman Thomas, Bruce Smith or Cornelius Bennett pointed out their own individual accomplishments? Washington plays as one unit. They all speak about the team, not themselves.

Buffalo running back Thurman Thomas stormed out of a mandatory press conference, because he was upset that he wasn't getting enough press. Will now he is the big game is over, let me be the first to pay my respects and say Thurman, your individual performance stunk. I'm sure he'll feel better now.

VISA problems? Have them get American Express. Shouldn't Andre Agassi have to win a tournament once in a while in order to do his commercial? If Mike Tyson is found guilty on rape charges and goes to jail, do you think the other prisoners will want to rumble with him? You know, Mike has the voice that can drive some men crazy. I wish St. John's point guard Jason.
