NY Governor Eliminates All CUNY Tuition

Matthew Takes Over DSSG

By Percy Uss
Former Day Session Stud Government Vice President Zeus Matthew, accompanied by the Endicott Crack Commando Squad, took over the offices of the DSSG in a raid last Thursday afternoon.

"I got tired of watching them do nothing all the time," said Zeus. "If I wanted that, I would get married or something!"

They were targeting the underperformance of current Vice President Simpleton Sayes, Matthew stated. "I haven't seen a v.p. this inactive since I had the job!"

"And that Le'Toya Davis has got to go," he added. "I thought Wilson Sham was bad because he never talked, but you can't shut La'Toya up!"

Enquirer Buys Tickler

By Tsen Tation
"You're kidding me." That was the general reaction of the student body when the truth came out. The Tickler has been sold to the International Enquirer for an undisclosed amount of money, uninformed sources said yesterday.

"I am very glad this happened," said Rafael Allmedia Jr., Esq. "Of course, it means we'll have to tone down our stories a bit." As examples, Allmedia stated that he has already recruited Stan Ayatollah, the most sensational writer ever. "Every fundamental principle of the journalistic ethics of the Enquirer are embodied in Ayatollah," Allmedia said. "It's good to have him aboard."

"I am not keeping the money," said Other Rafael Martinizing. "That is an absolutely false rumor." When told that no such rumor was being circulated, his tone shifted dramatically. "What rumor is that?" he said.

"I think The Tickler will do better now," said Yo Adrien. "They were starting to look like the Post." Yo has recently completed his first book. Reading it, that is.

Baruch, UCLA President Matthew Gold Stein was also very pleased to hear of the sale. "We need money around here; said he pre888eCNtery. In an interview between A»media and Gold Stein, the press secretary repeated several times that the sale was legal.

"I think we've got to look into this very seriously," said La'Toya Davis, president of the Day Session Stud Government. "When student money is involved, it is our job to be sure it is spent wisely," she said. She would have given more of her opinion, but she said she was late for a concert, being held at the Trump Taj Mahal sponsored by the Stud Center Deprogramming Board, which was being cosponsored by DSSG. The concert featured such well-known stars as Kid Fifty, Prima Donna, and the Ticklerettes.

But getting back to the point, the editor of the International Enquirer could not be reached for comment. He was apparently in Milwaukee doing research on cereal eaters and their impact on Benson Hurts defendants.
Shlemiel Shlamazzle Endorses The American Dream

By Hamilton Winthrop III
Barnes College's radical writer Shlemiel Shlamazzle has announced his endorsement of the American Dream. "For the future of African-Americans," he said, "there is one word: 'dream.'"

"We have come to a crossroads in our lives where we have to decide whether we want to continue living in the United States or we want to move to another country."

The American Dream, Shlamazzle declared, is the only way to ensure a better future for our children. "If we do not embrace the American Dream, we will be left behind by our competitors."

 last students of the City University is taking it from the state budget. But the story is one of two sides, one the ugly and one the self-styled student leader, which has been alibied at least 25 times in the past three years. According to the New York Daily News article by Sarah Graham, "The Ticker" is the official student newspaper that covers events on campus.

The Ticker is published bi-weekly, seven times a semester. It is edited by a 23-member editorial staff at 137 E. 22nd Street, New York, N.Y. 10010, Room 101.

All work except printing is done by Baruch undergraduates and graduate students. All types and layout contributions and letters are to be mailed to an address. The office is open during regular hours. The newspaper can be read in advance of the publication date. Any advertising questions should be directed to Advertising Manager Shonel Phillips at (212) 367-1182.

LETTERS
In Simon Herelle's Own Words

In the Editor's

In our opinion, the story of the Day Session Student Government election, please allow me to make a few corrections on record. My name is Michael, and I am a member of The Ticker's staff. I would like to address the concerns raised during our interview with Simon Herelle, the United Student Senate President, regarding the issues of student representation and diversity.

The opinions expressed on the Op-Ed pages are those of the individual writers, and do not necessarily represent the opinions of The Ticker editorial staff. The Ticker welcomes letters to the editor, which should be no more than 350 words and signed. Letters will be published upon request. Address all pieces to the Editor.

Cheryl Crawford Speaks for Women's History Month

By Lisa Colin

Cheryl Crawford, the first black female officer of Guardian Life Insurance was the featured guest at a Women's History Month event held during club hours on Thu, Mar 26.

The event was co-sponsored by the Caribbean Student Professional and Business Cultural Club, with the help of the Baruch Female Mentoring Society.

Crawford's speech consisted of a brief history of empowerment of various facets she thought important. She went on to share her personal experiences as a woman.

Crawford kept stressing to the audience to "think excellent and positive." And that we make sure to "hand in that paper really neat." Even if you don't know what you are saying. Presentation is important.

After Crawford's presentation, Baruch's graduate club of GLOBUS lounge, RM 1704, 360 PAS, decided to hold during club hours on Thu, Mar 26.

Marvel At This

By Lenny Vigliotti

Set this fall, a new furry friend has been added to the many shelves shipping animated figures and real-life toys. That friend is Spider-Man.

Such an example is the one seen at the Toy Fair booth of Marvel Comics, featuring a new line of Spider-Man figures and accessories. One of the highlights of the line is the "Ultimate Spider-Man" figure, which comes with a web-slinging attachment and a mini car with a Spider-Man emblem.

It has been a long time since the last "Spider-Man" movie, so this new line of figures and toys is a welcome addition to the Spider-Man universe. The line includes action figures, vehicle sets, and other accessories, all designed to bring the beloved superhero to life in exciting new ways.

"Ultimate Spider-Man" is just one of the many new products Marvel is releasing this fall. Other upcoming titles include "The Amazing Spider-Man" and "The Spectacular Spider-Man" comic books, as well as new "Spider-Man" animated series and movies.

With Spider-Man's popularity still strong, Marvel is confident that its new line of figures and toys will be a hit with fans of all ages. The company is also planning to release a new line of "Spider-Man" comic books, which will feature new stories and adventures for the beloved superhero.

Overall, Marvel's new line of Spider-Man figures and accessories is a great addition to the Spider-Man universe. Whether you're a fan of the comics, movies, or animated series, there's sure to be something for everyone in this exciting new line of products.
The B-Side
By Wesley Smith

It's that time again, spring, when the thoughts of young men and women turn to love. When it comes to love, the B-side usually gets short shrift. As the saying goes, it's a case of 'fetch me the B-side, I'll fetch the A-side.' But spring is a time for new beginnings, and a new B-side can set the tone for the rest of the year. This one would be a good time to check through your small stack of recent singles that I received for review. I found a few that might make you smile. One of them, a Virginia Dead Love with a hideous cover and an album that would make one cry the single, "Everything Will Get Better," closely shaves on the edges what have become realities. Life along with the help of the panacea called Denny, Andy Morris, and the band members of death continues to roll. The paper has just turned around some of the B-sides added to the arrangement to allow those whom I included in the mix without detracting the ears of the otherwise dedicated generation appreciation. The track proceeds without a hitch up to the final point where it originally began. "When it comes to love you can measure up to the big 12-inch (that is) for bringing you immediate pleasure."

I began to play the perfect spot to play the record over and over, I am sure that you would find yourself listening to the same thing every time. "Nothing Will Get Better," Getting in second, another one from the Virginia Dead Love with a hideous cover and an album that would make one cry the single, "Everything Will Get Better," is now available on the album that "All Woman" from the album Lisa Stansfield on Arista release from her camp. From have never heard a single bad I distinguishes it from the pack. I found a few that to up to the big 12-inch (single that is) for bringing you when the thoughts of young

**Drug Legalization (part 2): Positive Economic Impacts**

By John Camacho

In our last issue John Camacho examined the argument that legalizing drugs would benefit illegal drug users. This month we continue the series with a look at the economic implications.

**The legal implications of drug legalization.**

The legalization of drugs and the lack of enforcement can lead to a situation where many of the drug economy is illegal. The illegal drug trade consists of a network of dealers, distributors, and consumers. Legalization would allow the drug trade to operate more freely, which could have significant economic impacts.

**The demand for drugs.**

The demand for drugs is primarily driven by the willingness of people to pay for them. Legalization could lead to a significant increase in the demand for drugs, as people who were previously unable to obtain them legally could now do so.

**The supply of drugs.**

The supply of drugs is primarily driven by the availability of raw materials and the ability to produce them. Legalization could lead to an increase in the supply of drugs, as more people would be willing to produce them.

**The price of drugs.**

The price of drugs is primarily driven by supply and demand. Legalization could lead to a decrease in the price of drugs, as the supply increases and the demand remains constant.

**The impact on health and safety.**

Legalization could lead to a decrease in health and safety issues related to drug use. However, it could also lead to an increase in health and safety issues related to the increased availability of drugs.

**The impact on the economy.**

Legalization could have a significant impact on the economy. It could lead to increased economic growth and job creation, but it could also lead to increased crime and drug-related costs.

**The impact on the environment.**

Legalization could lead to an increase in the environmental impact of the drug trade, as more resources would be used to produce and distribute drugs.

**The impact on the international trade.**

Legalization could lead to an increase in the international trade of drugs, as countries might become more willing to produce and export drugs.

**The impact on the legal system.**

Legalization could lead to an increase in the legal system's workload, as more people would be arrested and prosecuted for drug offenses.

**The impact on the government.**

Legalization could lead to an increase in the government's revenue from drug taxes, but it could also lead to an increase in the government's costs related to drug enforcement and treatment.

**The impact on the public.**

Legalization could lead to a decrease in the public's knowledge about the dangers of drug use, but it could also lead to an increase in the public's knowledge about the benefits of drug legalization.

**The impact on the media.**

Legalization could lead to an increase in the media's coverage of drug issues, as more people would be discussing and debating them.

**The impact on the international community.**

Legalization could lead to an increase in the international community's support for drug legalization, but it could also lead to an increase in the international community's criticism of drug legalization.

**The impact on the individual.**

Legalization could lead to an increase in the individual's access to drugs, but it could also lead to an increase in the individual's responsibility for their drug use.

**The impact on the family.**

Legalization could lead to an increase in the family's support for drug legalization, but it could also lead to an increase in the family's opposition to drug legalization.

**The impact on the community.**

Legalization could lead to an increase in the community's support for drug legalization, but it could also lead to an increase in the community's opposition to drug legalization.

**The impact on the state.**

Legalization could lead to an increase in the state's support for drug legalization, but it could also lead to an increase in the state's opposition to drug legalization.

**The impact on the nation.**

Legalization could lead to an increase in the nation's support for drug legalization, but it could also lead to an increase in the nation's opposition to drug legalization.

**The impact on the world.**

Legalization could lead to an increase in the world's support for drug legalization, but it could also lead to an increase in the world's opposition to drug legalization.

**The impact on the future.**

Legalization could lead to an increase in the future's support for drug legalization, but it could also lead to an increase in the future's opposition to drug legalization.

**The impact on the present.**

Legalization could lead to an increase in the present's support for drug legalization, but it could also lead to an increase in the present's opposition to drug legalization.

**The impact on the past.**

Legalization could lead to an increase in the past's support for drug legalization, but it could also lead to an increase in the past's opposition to drug legalization.
By Sean "The Bear" Ayala
April 16, 1991 1:10-1:55 A.M.

At approximately 5:39 A.M. the following morning, Chicago Police arrived on the scene where the body was discovered. By the time police secured the area, the body had been removed and investigators were on the scene. The body was found in a vacant lot at 1333 West Madison Street.

The victim was identified as Juan Gonzalez, a 25-year-old man. Gonzalez was last seen alive on March 31, 1991. According to witnesses, Gonzalez had been involved in a dispute with a group of men earlier that day.

Witnesses told police that the group of men, who were later identified as members of the Black Gang, approached Gonzalez and asked him for money. When Gonzalez refused, the men began to assault him. The assault continued for several minutes and ended when Gonzalez was rendered unconscious.

A neighbor heard the commotion and called the police. When police arrived, they found Gonzalez lying on the ground, unresponsive. He was taken to the hospital where he was pronounced dead.

The cause of death was determined to be a single gunshot wound to the head. The manner of death was ruled a homicide.

Detective Michael Smith, who is handling the case, said that the investigation is ongoing. "We are looking for anyone who may have seen or heard anything that could help us solve this case," Smith said. "We need your help to bring justice to Juan Gonzalez and his family."

Anyone with information is encouraged to contact the Chicago Police Department at 312-744-9000. Information can also be provided anonymously through Crimestoppers at 1-800-847-7433.
