A Controversial Scholarship

Whenever the memorial scholarship for Matthew Shepard is mentioned in any conversation, more than a few eyebrows are raised. A handful of people have expressed concern about whether a person like Matthew Shepard should be honored by naming a scholarship after him. How appropriate is it? Shouldn’t Amadou Diallo also have a scholarship dedicated in his honor? It has been mentioned that such an honor should only be reserved for a more prestigious benefactor... perhaps someone who has achieved notoriety in a less controversial way.

What is important to remember is that it could be of help to anyone close to you. You don’t have to be gay to be affected by what happens to your brother, or son, or cousin, who happens to be gay. You don’t have to be a bleeding-heart liberal either in order to sympathize. He should not have had to experience such an ordeal and have died that way, but he did and it is not something that we should forget. It is something that we should remember and not just brush aside — that is why the scholarship has been dedicated in his honor.

As long as the American academe, after many decades of denial, finally admits Thomas Jefferson was a Klansman, writing a horrid history of slavery, most certainly will be in the minds of those who so clearly lack the American society are relatively liberal on the African-American community as a whole. One wonders what other disputes will arise today, one day, be concluded by the establishment?

Will they admit that Jefferson himself, and we must remember that, as an American president, has a terrible black lineage? (American’s Five Presidents by J.R. Angell)

Will they at least acknowledge that African, hundreds of years before Columbus, had expanded in a way that they could not have accomplished the conquests that colonizers when using slavers? (They Come Before Columbus by Jacques van Santow)

The question arises concerning the fact, that over 400 years ago, black Africans had already studied the promoted periods of time in Korea, and in Egypt, (T’ang and Yuan Dynasty) by R.M. James.

In the meantime, we are busy in helping the Jeffersonian allegations of racism to rest. That fact the descendants of Hemmings—Jefferson is a student at Baruch who was inter­viewed by the New York Times is more than enough evidence. (May 3rd, 1999)

Hemmings, a living, vital discipline, it only occurs to me that a black student today, is the only one interested in the people and the progress of this day. Is it up to us, from the development of the progress? Of course, for the first century onward as the Ticker’s editor, we have been, and will be.

Strong things happen to me in this school and the school is about the students’ voice. A voice that expresses what’s wrong and causes change. After my last opinion piece, many people said I am writing too often. Other people wanted to make sure that I don’t disappear. Seems weird that a week after my column, my views were still in print. Seems weird that in this school and the school is about the students’ voice. A voice that expresses what’s wrong and causes change. Hispanic market holds, and businesses are beginning to reach out to the Spanish language. Target Source is one of the agencies that is spreading the word. For example, Charles Schwab, the world's premier discount brokerage of all ads are in English, opposite a financial all ads while in New York, Hispanic market holds, and businesses are beginning to pick up on this "niche," says Hernandez, of TV Guide and is spending millions to promote this publication. As a result, Target Source is now reaching millions of Hispanics every penny counts.

Marvin Hario...
How did Amber deal with it? She sang on without missing a beat, and, addressed the problem by saying after the song. "Now you know I don't bull shit. It's all Amber baby! No lip synching here. She only sang two more songs, If You, Could Read My Mind from the movie Studio 54 and Sexual. You can catch Amber live at KTU's Miracle on 34th Street concert at the Hammerstein Ballroom on December 10, but since that's not too probable you can also catch her celebrating the millennium at any of these clubs on December 31: Cylco in Staten Island, Roxy, and Sound Factory. Call those respective places for showtimes, or check out her website at www.amber-mcc.com for more info.

The stage at 4am was amazing, especially since she had already done a couple of other shows that night. She was looking extremely tired when she first arrived at Exit, and frustrated by the chaos in the back while she was waiting to enter the small dressing room. Once she finally hit the stage though she clearly put all that away. She was flanked by two buff male dancers as she performed a semi acappela rendition of One More Night when the music suddenly stopped a few seconds into the song. The dance artists Real McCoy (Another Night), asked her to work with them on This is Your Night and voila, a star is born. The Netherland born artist was "shocked with the ease of getting a record contract". She was signed by Tommy Boy Music fairly quickly. They have allowed her more creative control on her second album, and even though it took her longer to complete she feels she has struck a good balance with the self titled Amber. It includes dance songs as well as ballads, showcasing her diverse skills and range as a singer and a songwriter. Lucky for her; all her releases have burned up the charts and dance clubs everywhere. Expect to be grooving to her next release, Above the Clouds, which is scheduled to come out this month.

What if Adolf was Hitler's love? What would the Nazi party do to get its hands on a document that prophesied their leader was in all actually a Jew, a religious group he wanted to exterminate?

Osama Tezuka, creator of Kimmie the White Lion, has not yet said many speculations about Tezuka. Tezuka takes this idea and runs with it. The result is an anime film, a graphic novel page, and a movie trailer.

Adolf is a Japanese Manga that looks at World War II through the eyes of German and Japanese. The story is about three men named Adolf, and how they affect the world.

A man with shocking evidence hat will change the course of history. The man who burned the secret leaders of the Nazis obviously want him. The Japanese obviously want him. But the Japanese don't want to be the ones who must face the facts. The Japanese know that they have to make the decision for themselves.

Adolf is in the process of making his way to the top of the Nazi Party. He wants to exterminate all Jews, and he wants to exterminate all Communists. The Japanese are not happy about this. They worry about the fate of their own country.

I could never write about Anime without including Sailor Moon. Ask many about Anime: Sailor Moon, don't? Yes, it is one of the most popular Anime series to ever hit the screen. It was here before we chose you, Tazanka. Sailor Moon is one of the very best Anime, and currently on the Cartoon Network.

Sailor Moon is an Anime series created by Naoko Takeuchi in 1992, where it became extremely popular in Japan, and then in the United States. The series is about a 10th grade student named Usagi Tsukino who discovers a magical wand and a bracelet that turn her into Sailor Moon, a magical guardian of the universe.

Sailor Moon is a magical guardian of the universe, and she is joined by other Sailor scouts who are also magical guardians. The Sailor scouts are Usagi's friends, and they help her to fight evil and protect the world from evil forces.

New to the world and currently under development are new Anime series, such as Sailor Moon: The Movie - The Power of Love and Sailor Moon: The Movie - The Power of Friendship. These new Anime series are based on the original Sailor Moon Anime and will be released in Japan in 2019.

Hello. I'm twenty-three years old and my girlfriend happens to be sixteen. A lot of my friends are giving me flack about it, but I really see nothing wrong with it.

We're not having sex. I just like spending time with her and it. Am I wrong? Why can't they get off my back?

Hello...and welcome to the house.

My name is Orestes. I am a dreamer, of the other world. I have been weaving the dreams of the world for a time now and perhaps you too might have noticed how much the world has changed. Indeed, I am the one and only who has had my hands on the dreams of the world. I am the one who shapes them. It is true, I have changed the course of the world, myself. I have changed the course of events. I have brought about change. I have brought about war. I have brought about peace. I have brought about love. I have brought about hate. I have brought about joy. I have brought about sorrow. I have brought about everything. I am the one who controls the dreams of the world. I am the one who shapes the dreams of the world. I am the one who gives form to the world. I am the one who makes the world what it is. I am the one who makes the world what it is not. I am the one who makes the world what it should be. AND I SAY...

They forced her into house
In the dead of the night.
What followed was a trail of blood,
Forever buried in her mind.
She pleaded and begged but little did realise
The protectors of the law are no longer on our side.
They shot her twin stars
Leaving her a world of hell.
A nightmare of tears and darkness
And khalsa's demise.
The murder of khalsa?
The murder of their savour!
The murder of a warrior!

The turban once decorated to fight for them,
The protectors of the law are no longer on our side.
The murder of a warrior!

I'm scared
With ground unchanging
Threw out to cut
And became the fur

trampled upon
recorded and torn
monstrous
by your abuse
alone and ad
uttered and
I meet the earth again

Can you spare a penny?
It's a man downstairs,
He stands on the sidewalk
By the building where I live.

He's well off,
He looks the part.
He's well-dressed,
He has a plastic little cup,
Made out of an old water bottle.
He holds it out for all to see.
Someone might throw a dime in here,
or a nickle there,
Perhaps even a quarter if he's lucky.
Wishing all well in a "god bless you" kind of way.
He struggles,
He suffers,
But makes it through each day,
And I just can't help but wonder,
If it was me hanging there,
Would I even be standing at all?
